Part A

1. Introduction

1.1 South Kesteven District Council (hereinafter referred to as the 'Licensing Authority') is responsible for the licensing of premises and the issue of permits and authorisations under the Gambling Act 2005 ('the Act'). The Licensing Authority's main functions under the Act are to:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences;
- issue provisional statements;
- regulate members' clubs who wish to undertake certain gaming activities, via the issuing of club gaming permits and / or club machine permits;
- issue club machine permits to commercial clubs;
- grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres;
- receive notifications, from premises licensed for the sale and consumption of alcohol on the premises (under the Licensing Act 2003) for the use of two or fewer gaming machines;
- issue gaming machine permits, to premises licensed for the sale and consumption of alcohol on the premises (under the Licensing Act 2003) where there are more than two machines;
- register small society lotteries below prescribed thresholds;
- issue prize gaming permits;
- receive and endorse temporary use notices (TUNs);
- receive occasional use notices (OUNs);
- provide information to the Gambling Commission regarding details of licences and permits issued (see section 7 within Part A of this Policy Statement 'Exchange of Information');
- maintain registers of the permits and licences that are issued under these functions.

1.2 This Policy (Statement of Principles) is intended to provide clarity to applicants, interested parties and Responsible Authorities on how this Licensing Authority will determine applications. Guidance is available to assist applicants but does not form part of this policy.

2. The Licensing Objectives

2.1 In exercising most of their functions under the Act, Licensing Authorities must have regard to the Licensing Objectives as set out in Part 1, Section 1 of the Act and within the Gambling Commission's Guidance to Licensing Authorities. The Licensing Objectives are:

- to prevent gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- to ensure that gambling is conducted in a fair and open way;
- to protect children and other vulnerable persons from being harmed or exploited by gambling.

NB: It should be noted that the Gambling Commission has stated: “The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling.”

2.2 This Licensing Authority is aware that, as per Part 8 Section 153 of the Act, in making decisions about Premises Licences and Temporary Use Notices it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant Code of Practice issued by the Gambling Commission
- in accordance with any relevant guidance issued by the Gambling Commission
- reasonably consistent with the Licensing Objectives
- in accordance with the Licensing Authority’s Statement of Principles

2.3 The Gambling Commission has the power to issue two types of code of practice. The first is a social responsibility (SR) code. An SR code must be followed and has the force of a licence condition. The Commission may also issue ordinary codes (OC) which are intended to set out industry best practice. They are not mandatory but operators are expected to follow them unless they have alternative arrangements in place that they can demonstrate are equally effective. Both codes are set out in the Commission’s Licence Conditions and Codes of Practice (LCCP) or as Gambling codes of practice - consolidated for all forms of gambling.

2.4 S.153 of the Act requires licensing authorities, in exercising their functions, to have regard to the Code of Practice.

3. General Matters

3.1 South Kesteven District Council is situated in the south-west corner of the county of Lincolnshire which contains 7 District Councils in total. The area has a population of 141,700 (Office for National Statistics 2017 mid-year population estimates) making it the second largest district in the County in terms of population. In terms of area it is the fourth largest, covering 365 square miles. The area is mainly rural with 4 urban areas comprising of Grantham in the north of the district, with the towns of Stamford, Bourne and The Deepings in the south of the district. Additionally there are 100 villages and hamlets in the district.

3.2 At the time of reviewing this policy the Licensing Authority was responsible for the following number of Premises Licences and Permits:

Betting Premises	11
Bingo Premises	1
Adult Gaming Centres (AGCs)	2
Family Entertainment Centres (FECs)	1
Club Gaming Machine Permits	10
Alcohol Licensed Premises Gaming Machine Permits – over 2 machines	7
Alcohol Licensed Premises Notifications of up to 2 Gaming Machines	124
Small Society Lotteries	137
Prize Gaming Permit (Unlicensed Family Entertainment)	1

- 3.3 The Licensing Authority has worked in partnership with the other Councils in the county in preparing this Statement of Principles which is based, in part, on the Guidance to Licensing Authorities, issued by the Gambling Commission.
- 3.4 In adopting this Statement of Principles the Licensing Authority recognises its duties to consider the impact of all its functions and decisions on crime and disorder under the requirements of Section 17 of the Crime and Disorder Act 1998. The Council acknowledges the benefits to the community of properly regulating gambling in the district.
- 3.5 The Licensing Act 2003 provides the delegated and procedural arrangements for the establishment of Licensing Authorities.
- 3.6 Licensing Committees established under Part 2, Section 6 of the Licensing Act 2003 are also the relevant Committees for the purpose of gambling functions. Therefore, the same Committee that deals with applications and other issues in relation to the Licensing Act 2003 will also be responsible for Premises Licence applications and other issues (e.g. permits) in relation to gambling.
- 3.7 The proceedings of the Licensing Committee are regulated by Part 2, Section 9 of the Licensing Act 2003 and regulations made under that section. Particular provision can be made for proceedings relating solely to the Licensing Act 2003 functions or just the Gambling Act 2005 functions.
- 3.8 The functions of the Licensing Authority under the Act may be carried out by the Licensing Committee, by a Sub-Committee or by one or more officers acting under delegated authority. Delegated powers shall be in accordance with the table at Appendix 1 of this document.
- 3.9 Licensing Authorities are required by the Gambling Act 2005 to publish a Statement of Principles which they propose to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed as required and any amended parts re-consulted upon. The statement must be then re-published.
- 3.10 The Licensing Authority consulted widely upon this Statement of Principles before finalising and publishing. A list of the parties consulted is provided in Appendix 2. The consultation period ran for 6 weeks.
- 3.11 The Gambling Act 2005 requires that the following parties be consulted by Licensing Authorities:
- the Chief Officer of Police (Chief Constable)
 - one or more persons who appear to the Licensing Authority to represent the interests of persons carrying on gambling businesses in the Licensing Authority's area
 - one or more persons who appear to the Licensing Authority to represent the interests of persons who are likely to be affected by the exercise of the Licensing Authority's functions under the Gambling Act 2005
- 3.12 A copy of this document can be found on the Council's website. Copies will be available from the Council Offices, St Peter's Hill, Grantham, Lincolnshire NG31 6PZ.

- 3.13 It should be noted that this Statement of Principles will not override the right of any person to make an application, make representations about an application or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

Further information is available on the Council's website <http://www.southkesteven.gov.uk>

4. Declaration

- 4.1 In producing the final statement the Licensing Authority declares that it has had regard to the Licensing Objectives of the Gambling Act 2005; the guidance issued by the Gambling Commission; and any responses from those consulted on this statement.

5. Responsible Authorities

- 5.1 This Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under Part 8, section 157 (h) of the Act to designate, in writing, a body which is competent to advise the Authority about the protection of children from harm. The principles are:

- the need for the body to be responsible for an area covering the whole of the Licensing Authority's area;
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group;
- that this body has proven documented experience in dealing with the protection of children.

- 5.2 The body considered competent by this Licensing Authority for this purpose is Lincolnshire Safeguarding Children Board

6. Interested parties

- 6.1 Interested parties can make representations about licence applications or apply for a review of an existing licence. Interested parties are defined in the Act as follows:

“For the purposes of this part a person is an Interested Party in relation to an application for or in respect of a Premises Licence if, in the opinion of the Licensing Authority which issues the licence or to which the application is made, the person:

- a. lives sufficiently close to the premises to be likely to be affected by the authorised activities
- b. has business interests that might be affected by the authorised activities
- c. represents persons who satisfy paragraph (a) or (b) e.g. Members of Parliament (MPs) and Ward Councillors.”

- 6.2 Principles of determining Interested Parties

The Licensing Authority is required, by regulations, to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

The Licensing Authority, in determining whether a person is an Interested Party, will consider each case on its merits. The Authority will not apply a rigid rule to its

decision making. In reaching its decision the Licensing Authority will consider factors such as the likelihood of the person/business being affected by the licensable activities at the premises as well as the geographical proximity. Larger premises may affect people over a broader geographical area than smaller premises offering the same facilities.

“Business interests” will be given its widest possible interpretation and may include partnerships, charities, faith groups and medical practices.

Interested parties can be people who are democratically elected such as Councillors and MPs. This will include County, District and Parish Councillors providing they represent the ward likely to be affected. Other than these persons the Licensing Authority will require written evidence that a person represents someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activity(ies) and / or has business interest(s) that might be affected by the authorised activity(ies). A letter from one of these persons requesting the representation is sufficient.

- 6.3 If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts, advice should be sought from the Council’s Legal and Democratic Services.

7. Exchange of Information

- 7.1 The Licensing Authority may share information received in the exercise of its functions with the Gambling Commission; a Responsible Authority as defined by the Act; an authorised officer of another Licensing Authority; The Gambling Appeal Tribunal; The National Lottery Commission; the Secretary of State and law enforcement agencies for purposes connected with the prevention and detection of crime. Personal details will only be shared for this purpose if required to do so by law.
- 7.2 The Licensing Authority will act in accordance with the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 2018 will not be contravened.
- 7.3 The Licensing Authority will also have regard to any guidance issued by the Gambling Commission to Licensing Authorities as well as any relevant regulations issued by the Secretary of State under powers provided in the Gambling Act 2005.
- 7.4 The Licensing Authority will inform the Gambling Commission without delay if:
- information that causes the Licensing Authority to question the suitability of a person or business holding or applying to hold an Operating Licence is received
 - there are persistent or serious disorder problems that an Operator could or should do more to prevent so that the Commission may consider the continuing suitability of the operator to hold an Operating Licence
 - it comes to the Licensing Authority’s attention that alcohol-licensed premises, clubs or institutes are playing bingo during the course of a week which involves significant stakes and prizes that make it possible that £2,000 in seven days is being exceeded

- there is any other reasonable and relevant information that the Licensing Authority is of the opinion that the Gambling Commission should be made aware of
- 7.5 Should any protocols be established regarding information exchange with other bodies then they will be made available on request.
- 7.6 The Council is a signatory to the joint Protocol on Information Exchange under the provisions of Section 115 of the Crime and Disorder Act 1998 between South Kesteven District Council and all other Responsible Authority partners within Lincolnshire. The Council will seek to use this provision as appropriate.
- 8. Enforcement and inspection**
- 8.1 Licensing Authorities are required by regulation, under the Gambling Act 2005, to state the principles to be applied by the Authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises and the powers under Part 18, Section 346 of the Act to instigate criminal proceedings in respect of the offences specified.
- 8.2 The Licensing Authority's principles are that it will be guided by the Gambling Commission's Guidance to Licensing Authorities and it will endeavour to be:
- proportionate - regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised
 - accountable - regulators must be able to justify decisions, and be subject to public scrutiny
 - consistent - rules and standards must be joined up and implemented fairly
 - transparent - regulators should be open, and keep regulations simple and user friendly
 - targeted - regulation should be focused on the problem, and minimise side effects.
- 8.3 The main enforcement and compliance role for this Licensing Authority in terms of the Gambling Act 2005 will be to ensure compliance with the Premises Licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the Operator and Personal Licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Licensing Authority but will be notified to the Gambling Commission.
- 8.4 As per the Gambling Commission's Guidance to Licensing Authorities this Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.
- 8.5 The Licensing Authority has implemented a risk-based inspection programme based on:
- the Licensing Objectives
 - relevant Codes of Practice
 - guidance issued by the Gambling Commission
 - the principles set out in this Statement of Principles
- 8.6 This Licensing Authority carries out risk-based regular operations with other agencies including the Gambling Commission and the Police to ensure the

objectives are being promoted. This includes test purchasing operations to ensure children and the vulnerable are being protected where required.

- 8.7 As a general rule the Licensing Authority will consider formal action where there is evidence that the Licensing Objectives are being adversely affected.
- 8.8 Premises Licence holders are advised that where, following the receipt of a warning or warnings in relation to a Premises Licence breach or breaches, an Operator subsequently breaches the licence conditions the Licensing Authority will seek to review the Premises Licence.
- 8.9 The Licensing Authority keeps itself informed of developments regarding the work of the Better Regulation Executive in its consideration of the regulatory functions of Local Authorities.
- 8.10 In considering enforcement action the Licensing Authority will bear in mind the Human Rights Act 1998 in particular - Part I, The Convention, Rights And Freedoms:

- Article 6 Right To A Fair Trial
- Article 8 Right To Respect For Private And Family Life
- Article 10 Freedom Of Expression

and Part II, The First Protocol:

- Article 1 Protection of Property: Every natural or legal person is entitled to the peaceful enjoyment of his possessions

- 8.11 The Licensing Authority has established protocols with the Police and other enforcing Authorities. These protocols will provide for the targeting of agreed problem and high-risk premises whilst applying a lighter touch to low-risk premises.
- 8.12 Enforcement action will be taken in accordance with the Licensing Authority's own enforcement policy which reflects the agreed principles that are consistent with the Regulatory Code. To this end the key principles of targeting, consistency, transparency and proportionality will be maintained.

9. Risk Assessment and Local Area Profiles

9.1 Risk Assessment

9.2 The Licensing Authority expects applicants to have a good understanding of the area in which they either operate or intend to operate. The applicant will have to provide evidence that they meet the criteria set out in this policy and demonstrate that in operating the premises they will promote the licensing objectives.

9.3 The Gambling Commission have introduced a Social Responsibility Code of Practice requiring operators of premises used for gambling to assess the local risks to the licensing objectives posed by the provision of gambling facilities at their premises, and have policies, procedures and control measures to mitigate those risks. In making these risk assessments, licensees must take into account relevant matters identified in the Licensing Authority's Statement of Licensing Principles. The Commission have also produced an ordinary Code of Practice stating this risk assessment should be shared with the Licensing Authority in the following circumstances:

- when applying for premises licence,
- applying for a variation to existing licensed premises, or
- otherwise on request.

9.4 The Licensing Authority expects applicants for Premises Licences in its area to comply with the risk assessment requirement. The risk assessment should demonstrate the applicant has considered, as a minimum:

- local crime statistics;
- any problems in the area relating to gambling establishments;
- the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- the location of services for children such as schools, playgrounds, leisure/community centres and other areas where children will gather
- whether there is any indication of problems in the area with young persons attempting to access adult gambling facilities of that type of gambling premises in the area;
- how vulnerable people, including people with gambling dependencies are protected;
- whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- any indication in the area of young people attempting to access adult gambling facilities of the type offered in the area.

9.5 Applicants should liaise with other gambling operators in the area to identify risks and consult with any relevant responsible authorities as necessary.

9.6 Local Area Profiles

9.7 Risk assessments can make reference to the Council's area profile which may be compiled with respect to reported gambling-related problems in an area. At the time of preparing this edition of the Statement of Licensing Policy, there has been no evidence presented to South Kesteven District Council to support the assertion that any part of the area had or is experiencing problems from gambling activities. The position will be kept under review and if it changes, research will be carried out to discover the extent of the problems and to prepare an Area Profile accordingly.

Part B - Premises Licences

1. General Principles

- 1.1 Premises Licences are subject to the requirements set out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions, issued by the Secretary of State. Licensing Authorities are able to exclude default conditions and also attach others where it is believed to be appropriate.

This Licensing Authority is aware that in making decisions about Premises Licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant Code of Practice issued by the Gambling Commission
- in accordance with any relevant guidance issued by the Gambling Commission
- reasonably consistent with the Licensing Objectives and
- in accordance with this Licensing Authority's Statement of Principles

- 1.2 Though licensing authorities are required to 'aim to permit' gambling, there is wide scope for them to impose conditions on Premises Licences or to reject, review or revoke Premises Licences where there is a clear evidence of conflict with the relevant Codes of Practice, Guidance to Licensing Authorities, the licensing objectives or this Statement of Licensing Policy.

- 1.3 Licensing authorities can request any information from an operator they may require in order to make licensing decisions. The Gambling Act 2005 requires a minimum level of information which must be provided, but the Gambling Commission state in their Guidance to Licensing Authorities that this does not preclude licensing authorities from making reasonable requests for any additional information they may require to satisfy themselves their decision is reasonably consistent with the licensing objectives and Codes of Practice. This may include, for example, a business plan or the operator's own risk assessment with regard to the licensing objectives at a local level.

- 1.4 It is appreciated that, as per the Gambling Commission's Guidance to Licensing Authorities, "...moral or ethical objections to gambling are not a valid reason to reject applications for premises licences" and also that unmet demand is not a criterion for a Licensing Authority.

- 1.5 Premises Licences authorise the provision of gambling facilities on the following:

- Casino premises
- Bingo premises
- Betting premises (including race tracks used by betting intermediaries)
- Adult Gaming Centres (AGCs)
- Family Entertainment Centres (FECs)

- 1.6 Definition of 'premises'

Premises is defined in the Act as "any place". Different Premises Licences cannot apply in respect of a single premise at different times. However, it is possible for a single building to be subject to more than one Premises Licence, provided that they

are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. This approach has been taken to allow large, multiple-unit premises such as a theme park, track or shopping centre to obtain discrete Premises Licences, where appropriate safeguards are in place. However, the Licensing Authority will pay particular attention if there are issues about the sub-division of a single building or plot and will ensure that mandatory conditions relating to access between premises are observed. Each case will be judged on its individual merits.

- 1.7 The Gambling Commission states in its Guidance to Licensing Authorities that “...In most cases the expectation is that a single building/plot will be the subject of an application for a licence, for example, 32 High Street. But that does not mean that 32 High Street cannot be the subject of separate premises licences for the basement and ground floor, if they are configured acceptably. Whether different parts of a building can properly be regarded as being separate premises will depend on the circumstances. The location of the premises will clearly be an important consideration and the suitability of the division is likely to be a matter for discussion between the operator and the licensing officer. However, the Commission does not consider that areas of a building that are artificially or temporarily separated for example by ropes or moveable partitions can be properly regarded as different premises.”

This Licensing Authority takes particular note of the Gambling Commission’s [Guidance to Licensing Authorities](#) which states that:

“Licensing authorities should take particular care in considering applications for multiple premises licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:

- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating.
- Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.
- Customers should be able to participate in the activity named on the premises licence.”

- 1.8 The Guidance also gives a list of factors which the Licensing Authority should be aware of in determining whether two or more proposed premises are truly separate which may include:

- Is a separate registration for business rates in place for the premises?
- Is the premises’ neighbouring premises owned by the same person or someone else?
- Can each of the premises be accessed from the street or a public passageway?
- Can the premises only be accessed from any other gambling premises?

The Licensing Authority will consider these and other relevant factors in making its decision depending on all the circumstances of the case.

- 1.9 The Gambling Commission's relevant access provisions for each premises type, stated within their Guidance to Local Authorities, are reproduced below:

Casinos

- the principal access entrance to the premises must be from a street (as defined at 7.23 of the guidance)
- no entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons
- no customer must be able to enter a casino directly from any other premises which holds a gambling premises licence.

Adult gaming centres

- no customer must be able to access the premises directly from any other licensed gambling premises.

Betting Shops

- access must be from a street (as defined at 7.23 of the guidance) or from another premises with a betting premises licence
- no direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind and you could not have a betting shop at the back of a café – the whole area would have to be licensed.

Tracks

- no customer should be able to access the premises directly from:
 - a casino
 - an adult gaming centre.

Bingo premises

- no customer should be able to access the premises directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

Family Entertainment Centre

- no customer must be able to access the premises directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track.

Part 7 of the Gambling Commission's Guidance to Licensing Authorities contains further guidance which this Licensing Authority will also take into account in its decision making.

1.10 Location

This Licensing Authority is aware that demand issues cannot be considered with regard to the location of premises, but that considerations in terms of the Licensing Objectives are relevant to its decision making.

As per the Gambling Commission's Guidance to Licensing Authorities, this Licensing Authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific policy be decided upon with regard to areas where gambling premises should not be located this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.

1.11 Planning permission

The Gambling Commission Guidance to Licensing Authorities states: "In determining applications the licensing authority has a duty to take into consideration all relevant matters and not take into consideration any irrelevant matter, in effect those not related to gambling and the licensing objectives. One example of an irrelevant factor would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal."

1.12 This Licensing Authority will not take into account any irrelevant matters as per the above guidance. In addition this Licensing Authority notes the following excerpt from the guidance.

"When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Nor should fire or health and safety risks be taken into account. Those matters should be dealt with under relevant planning control, building and other regulations, and not form part of the consideration for the premises licence. Section 210 of the Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building."

1.13 Duplication with other regulatory regimes

This Licensing Authority will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. This Licensing Authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval in its consideration of it. It will though listen to, and consider carefully, any concerns about conditions which cannot be met by Licensees due to planning restrictions should such a situation arise.

1.14 When dealing with a premises licence application for finished buildings, this authority will not take into account whether those buildings have to comply with the necessary planning or building consents. Fire or health and safety risks will not be taken into account, as these matters are dealt with under relevant planning control,

buildings and other regulations and must not form part of the consideration for the premises licence.

1.15 Licensing Objectives

Premises Licences granted must be reasonably consistent with the Licensing Objectives. With regard to these Objectives, this Licensing Authority has considered the Gambling Commission's Guidance to Licensing Authorities and some comments are made below:

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

This Licensing Authority is aware that the Gambling Commission will be taking a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance to Licensing Authorities however does envisage that Licensing Authorities should pay attention to the proposed location of gambling premises in terms of this Licensing Objective. Thus, where an area has known high levels of organised crime this Licensing Authority will consider carefully whether gambling premises are suitable to be located there and whether conditions may be suitable such as the provision of door supervisors. This Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors such as whether Police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction.

Ensuring that gambling is conducted in a fair and open way

This Licensing Authority has noted that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences. There is however more of a role with regard to tracks, which is explained in more detail within the 'Tracks' section of this document.

Protecting children and other vulnerable persons from being harmed or exploited by gambling

This Licensing Authority has noted the Gambling Commission's Guidance to Licensing Authorities which states that this objective means "...preventing them from taking part in gambling and for there to be restrictions on advertising so that gambling products are not aimed at children or advertised in such a way that makes them particularly attractive to children...". This Licensing Authority will therefore consider, as suggested in this guidance, whether specific measures are required at particular premises with regard to this licensing objective. Appropriate measures may include supervision of entrances / machines, segregation of areas etc.

This Licensing Authority is also aware of the Gambling Commission Code for Socially Responsible Advertising as regards this licensing objective in relation to specific premises.

In considering the term 'vulnerable persons' it is noted that the Gambling Commission's guidance does not seek to offer a definition but states that "...it does for regulatory purposes assume that this group includes people who gamble more

than they want to; people who gamble beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to mental health needs, learning disability, or substance misuse relating to alcohol or drugs.” This Licensing Authority will consider this licensing objective on a case by case basis.

1.16 Conditions

Any conditions attached to licences will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility
- directly related to the premises and the type of licence applied for
- fairly and reasonably related to the scale and type of premises
- reasonable in all other respects

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this Licensing Authority will consider utilising should there be a perceived need, such as the use of Door Supervisors and appropriate signage for adult-only areas etc. There are specific comments made in this regard under some of the licence types below. This Licensing Authority will also expect the licence applicant to offer his/her own suggestions as to the way in which the licensing objectives can be met effectively.

This Licensing Authority will also consider specific measures which may be required for buildings which are subject to multiple Premises Licences.

Such measures may include the supervision of entrances, segregation of gambling from non-gambling areas frequented by children and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission’s Guidance to Licensing Authorities.

This Licensing Authority will also ensure that where Category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance
- only adults are admitted to the area where these machines are located
- access to the area where the machines are located is supervised
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

These considerations will apply to premises including buildings where multiple Premises Licences are applicable.

This Licensing Authority is aware that tracks may be subject to one or more than one Premises Licence, provided each Licence relates to a specified area of the track. As per the Gambling Commission’s Guidance to Licensing Authorities, this Licensing Authority will consider the impact upon the third Licensing Objective, (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling), and the need to ensure that entrances to each type of premises are

distinct and that children are excluded from gambling areas where they are not permitted to enter.

It is noted that there are conditions which this Licensing Authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition
- conditions relating to gaming machine categories, numbers, or method of operation
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated)
- conditions in relation to stakes, fees, winnings or prizes.

1.17 Door Supervisors

If there are concerns that premises may attract disorder or be subject to unauthorised access by children and young persons, then this Licensing Authority may require that door supervisors control entrances to the premises. This Licensing Authority recognises that each premises application shall be treated on its own merit. In addition, the Licensing Authority shall take into account the previous trading history of the type of premises proposed and that any decision shall be necessary and proportionate.

- 1.18 Where door supervisors are imposed as a condition on a premises licence (except casino or bingo premises), Part 8, Section 178 of the Act requires that any person employed in that capacity will hold a relevant licence issued by the Security Industry Authority (SIA).

2. **Adult Gaming Centres (AGCs)**

- 2.1 This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises.

- 2.2 This Licensing Authority may consider measures to meet the licensing objectives such as:

- proof of age schemes
- CCTV
- supervision of entrances / machine areas (e.g. use of door supervisors)
- physical separation of areas
- location of entry
- notices / signage
- specific opening hours
- self-exclusion schemes
- provision of information leaflets/helpline numbers for organisations such as GamCare, the National Gambling Helpline.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

- 2.3 This Licensing Authority will expect applicants to adopt an approved proof of age scheme (such as Challenge 21) for staff to be suitably trained and aware of the gambling laws, social responsibility and statutory requirements relating to age restrictions.

3. Licensed Family Entertainment Centres (FECs)

- 3.1 This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the Authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult- only gaming machine areas. Children and young persons are permitted to enter an FEC and may play on Category D machines. They are not permitted to play on Category C machines, and it is a requirement that there is clear segregation between the two types of machine, to prevent access by children and young persons to Category C machines.

- 3.2 This Licensing Authority may consider measures to meet the licensing objectives such as:

- CCTV
- supervision of entrances / machine areas (e.g. use of door supervisors)
- physical separation of areas
- location of entry
- notices / signage
- specific opening hours
- self-exclusion schemes
- provision of information leaflets/helpline numbers for organisations such as GamCare, the National Gambling Helpline.
- measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

- 3.3 The Licensing Authority expects that there will be dedicated staff supervision of FEC areas whether using a premises licence or permit. The Authority expects applicants to provide evidence to show that such direct supervision is in place.

- 3.4 This Licensing Authority will, as per the Gambling Commission's guidance, refer to the Commission's website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated.

4. Casinos

- 4.1 Resolution not to issue casino licences – this Licensing Authority has not passed a 'no casino' resolution under Section 166 of the Gambling Act 2005 but is aware that it has the power to do so. Should this Licensing Authority decide in the future to pass such a resolution, it will update this statement of principles with details of that resolution. Any such resolution will be made by the Full Council.

5. Bingo premises

- 5.1 This Licensing Authority notes that the Gambling Commission's Guidance to Licensing Authorities states in paragraph 18.5:

"Licensing authorities need to satisfy themselves that bingo can be played in any bingo premises for which they issue a premises licence. An operator may choose to vary their licence to exclude a previously licensed area of that premises, and then apply for a new premise licence, or multiple new premises licences, with the aim of creating separate premises in that area, essentially providing multiple licensed premises within a single building or site. Before issuing additional bingo premises licences, licensing authorities need to consider whether bingo can be played at each of those new premises".

- 5.2 This Licensing Authority also notes the guidance at paragraph 18.9 of the Gambling Commission's Guidance to Licensing Authorities, regarding the unusual circumstances in which the splitting of a pre-existing premises into two adjacent premises might be permitted and in particular that it is not permissible to locate sixteen category B gaming machines in one of the resulting premises as the gaming machine entitlement for that premises would be exceeded.

- 5.3 Children and young persons are allowed into bingo premises however, they are not permitted to participate in the bingo and if Category B and C machines are made available for use these must be separated from areas where children and young people are allowed.

- 5.4 In accordance with the Gambling Commission's Guidance to Licensing Authorities, the Licensing Authority recognises that it is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling other than on Category D machines. Where Category C or above machines are available in the bingo premises to which children are admitted, the Licensing Authority will seek to ensure that:

- all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance
- only adults are admitted to the area where the machines are located
- access to the area where the machines are located is supervised
- the area where the machines are located is arranged so that it can be observed by staff of the Operator or the Licence holder
- at the entrance to and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

- 5.5 Where bingo is provided in alcohol-licensed premises and it reaches a certain threshold, it will no longer be authorised as equal chance gaming and a Bingo Operating Licence will need to be obtained from the Gambling Commission. The aim of this provision is to prevent bingo becoming a predominant commercial activity on non-gambling premises.

6. Betting premises

- 6.1 This Licensing Authority is responsible for issuing and monitoring Premises Licences for all betting premises. Children and young persons are not permitted entry to a premise with a Betting Premises Licence. They may, however, be permitted entry to tracks and special rules will apply. The Licensing Authority

recommends that an applicant for gaming machines in betting premises considers carefully the location of betting machines to ensure that they are not in sight of the entrance of the premises.

- 6.2 Betting machines - this Licensing Authority will, as per the Gambling Commission's Guidance to Licensing Authorities, take into account the size of the premises; the number of counter positions available for person-to-person transactions; and the ability of staff to monitor the use of the machines by vulnerable people or by children and young persons (it is an offence for those under 18 to bet) when considering the number / nature / circumstances of betting machines an operator wants to offer.

7. Tracks

- 7.1 There are currently no tracks operating in the district - however this Statement of Principles will be amended with appropriate regulation should such a facility require licensing within the district.

8. Travelling Fairs

- 8.1 This Licensing Authority is responsible for deciding whether, where category D machines and / or equal chance prize gaming without a permit are to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.
- 8.2 This Licensing Authority will also consider whether the applicant falls within the statutory definition of a travelling fair.
- 8.3 It has been noted that the 27-day statutory maximum for the land being used as a fair applies on a calendar year basis and that it applies to the piece of land on which the fairs are held regardless of whether it is the same or different travelling fairs occupying the land. This Licensing Authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

9. Provisional Statements

- 9.1 Developers may wish to apply to this Licensing Authority for a Provisional Statement before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a Premises Licence. There is no need for the applicant to hold an Operating Licence in order to apply for a Provisional Statement.
- 9.2 Part 8, Section 204 of the Gambling Act 2005 provides for a person to make an application to the Licensing Authority for a Provisional Statement in respect of premises that he / she:
- expects to be constructed
 - expects to be altered
 - expects to acquire a right to occupy
- 9.3 The process for considering an application for a Provisional Statement is the same as that for a Premises Licence application. The applicant is obliged to give notice of the application in the same way as applying for a Premises Licence.

Responsible Authorities and Interested Parties may make representations and there are rights of appeal.

- 9.4 In contrast to the Premises Licence application the applicant does not have to hold or have applied for an Operating Licence from the Gambling Commission (except in the case of a track) and they do not have to have a right to occupy the premises in respect of which their Provisional Application is made.
- 9.5 The holder of the Provisional Statement may then apply for a Premises Licence once the premises is constructed, altered or acquired. This Licensing Authority will be constrained in the matters it can consider when determining the Premises Licence application, and in terms of representations about Premises Licence applications that follow the grant of a Provisional Statement, no further representations from relevant Authorities or interested parties can be taken into account unless:
- they concern matters which could not have been addressed at the Provisional Statement stage
 - they reflect a change in the applicant's circumstances
- 9.6 In addition the Licensing Authority may refuse the Premises Licence (or grant it on terms different to those attached to the Provisional Statement) only by reference to matters:
- which could not have been raised by objectors at the Provisional Statement stage
 - which in the Licensing Authority's opinion reflect a change in the Operator's circumstances
 - where the premises have not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this Licensing Authority notes that it can discuss any concerns it has with the applicant before making a decision.

10. Reviews

- 10.1 Requests for a review of a Premises Licence can be made by Interested Parties or Responsible Authorities. However, it is for this Licensing Authority to decide whether the review is to be carried out. This will be on the basis of whether the request for the review is relevant to the matters listed below:
- in accordance with any relevant Code of Practice issued by the Gambling Commission
 - in accordance with any relevant guidance issued by the Gambling Commission
 - reasonably consistent with the Licensing Objectives
 - in accordance with this Licensing Authority's Statement of Principles.
- 10.2 The request for the review will also be subject to the consideration by this Licensing Authority as to whether the request is frivolous, vexatious or whether it will certainly not cause the Licensing Authority to wish to alter / revoke / suspend the Licence, or whether it is substantially the same as previous representation(s) or request(s) for review.
- 10.3 This Licensing Authority can also initiate a review of a particular Premises Licence or a particular class of Premises Licence on the basis of any reason which it thinks appropriate.

- 10.4 Once a valid application for review has been received by this Licensing Authority representations can be made by Responsible Authorities and Interested Parties during a 28 day period. This period begins 7 days after the application is received by this Licensing Authority who will publish notice of the application within 7 days of receipt.
- 10.5 This Licensing Authority must carry out the review as soon as possible after the 28 day period for making representations has passed.
- 10.6 The purpose of the review will be to determine whether the Licensing Authority should take any action in relation to the Licence. If action is justified the options open to this Licensing Authority are to:
- add, remove or amend a Licence condition imposed by the Licensing Authority
 - exclude a default condition imposed by the Secretary of State (e.g. opening hours) or remove or amend such a condition
 - suspend the Premises Licence for a period not exceeding three months
 - revoke the licence.

In determining what action, if any, should be taken following a review, this Licensing Authority must have regard to the principles set out in Section 153 of the Act as well as any relevant representation.

- 10.7 In particular, the Licensing Authority may also initiate a review of a Premises Licence on the grounds that a Premises Licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.
- 10.8 Once the review has been completed this Licensing Authority must, as soon as possible, notify its decision to:
- the licence holder
 - the applicant for review (if any)
 - the Gambling Commission
 - any person who made a representation
 - the Chief Officer of Police or Chief Constable
 - HM Commissioners for Revenue and Customs

11. Appeals

- 11.1 There is a right of appeal both for applicants and those who have made relevant representations or applied for a review. This appeal must be lodged within a period of 21 days from the day on which the applicant was notified by this Licensing Authority of the decision and must be made to a Magistrates' Court.

Part C - Permits / Temporary & Occasional Use Notice / Lotteries

1. Unlicensed Family Entertainment Centre (FEC) gaming machine permits

- 1.1 Where a premise does not hold a Premises Licence but wishes to provide Category D gaming machines it may apply to this Licensing Authority for a permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (as per the Gambling Act 2005 Part 10, Section 238).
- 1.2 The Gambling Act 2005 states that a Licensing Authority may prepare a Statement of Principles that it proposes to consider in determining the suitability of an applicant for a permit and, in preparing this statement, and / or considering applications it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Gambling Commission under Section 25.
- 1.3 The Gambling Commission's Guidance to Local Authorities, paragraph 24.6 also states "...An application for a permit can only be made by a person who occupies or plans to occupy the premises to be used as an unlicensed FEC and, if the applicant is an individual, he or she must be aged 18 or over. Applications for a permit cannot be made if a premises licence is in effect for the same premises.

24.9 "...An application may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC and if the chief officer of police has been consulted on the application.

Licensing authorities might wish to consider asking applicants to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act)
- that employees are trained to have a full understanding of the maximum stakes and prizes".

It should be noted that a Licensing Authority cannot attach conditions to this type of permit.

1.4 Statement of Principles

This Licensing Authority will expect the applicant to show that there are policies and procedures in place to protect children and vulnerable adults from harm. Harm in this context is not limited to harm from gambling but includes wider safeguarding considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards, vulnerable adults on the premises, suspected truant school children on the premises, measures training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises.

2. Alcohol licensed premises gaming machine permits and notifications

2.1 Notifications of 2 or less machines

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises and have a bar at which alcohol is served, without a requirement that alcohol is served only with food, to automatically have 2 gaming machines of categories C and / or D. The premises licence holder merely needs to notify this Licensing Authority. This Licensing Authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the Licensing Objectives
- gaming has taken place on the premises that breaches a condition of Part 12, Section 282 of the Act
- the premises are mainly used for gaming
- an offence under the Gambling Act 2005 has been committed on the premises

2.2 Permits for 3 or more machines

If a premises wishes to have more than 2 machines then the licence holder needs to apply for a permit and this Licensing Authority must consider that application based upon the licensing objectives, the Gambling Commission's Guidance to Licensing Authorities, Section 25 and "such matters as they think relevant". This Licensing Authority considers that "such matters" will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy this Licensing Authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult-only gaming machines. Measures may include the adult-only machines being in sight of the bar or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be helpful. In ensuring the protection of vulnerable persons applicants may wish to consider the provision of information leaflets and helpline numbers for organisations such as GamCare.

2.3 It is recognised that some alcohol-licensed premises may apply for a Premises Licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with, as an Adult Gaming Centre Premises Licence.

2.4 It should be noted that this Licensing Authority can decide to grant the application with a smaller number of machines and / or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

2.5 It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine, in particular the Gaming Machines in Alcohol Licensed Premises Code of Practice. This code contains details of the conditions which apply to permits.

3. Prize Gaming

3.1 The Gambling Act 2005 states that a Licensing Authority may "prepare a Statement of Principles that they propose to apply in exercising their functions under this

schedule” which “may, in particular, specify matters that the licensing authority proposes to consider in determining the suitability of the applicant for a permit”.

3.2 This Licensing Authority has prepared a Statement of Principles which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in regulations
- that the gaming offered is within the law
- clear policies that outline steps to be taken to protect children from harm

3.3 In making its decision on an application for this permit this Licensing Authority does not need to (but may) have regard to the Licensing Objectives but must have regard to any Gambling Commission guidance.

3.4 It should be noted that whilst there are conditions in the Gambling Act 2005 with which the permit holder must comply, the Licensing Authority itself cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played
- the prize for which the game is played must not exceed the amount set out in regulations (if a monetary prize) or the prescribed value (if a non-monetary prize)
- participation in the gaming must not entitle the player to take part in any other gambling.

4. Club Gaming and Club Machines Permits

4.1 Members’ clubs may apply for a Club Gaming permit or a Club Machine permit (Commercial Clubs cannot apply for a Club Gaming Permit). The Club Gaming permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set out in regulations. A Club Machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

4.2 The Gambling Commission’s Guidance to Licensing Authorities states: “Members’ clubs must have at least 25 members and be established and conducted ‘wholly or mainly’ for purposes other than gaming, unless the gaming is permitted by separate regulations. The Secretary of State has made such regulations and these cover bridge and whist clubs. A members’ club must be permanent in nature and established and conducted for the benefit of its members and not as a commercial enterprise. Examples include working men’s clubs, branches of the Royal British Legion and clubs with political affiliations.”

4.3 The Gambling Commission’s Guidance to Licensing Authorities notes that "Licensing Authorities may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members’ or commercial club and therefore is not entitled to receive the type of permit for which it has applied

- (b) the applicant's premises are used wholly or mainly by children and/or young persons
 - (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities
 - (d) a permit held by the applicant has been cancelled in the previous ten years
 - (e) An objection has been lodged by the Commission or the police."
- 4.4 There is also a 'fast-track' procedure available under the Act (Schedule 12 paragraph 10) for premises which hold a Club Premises Certificate under the Licensing Act 2003. The Gambling Commission's Guidance to Licensing Authorities states, "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced. The grounds on which an application under the process may be refused are:
- (a) the club is established primarily for gaming, other than gaming prescribed by regulations under Section 266 of the Act
 - (b) in addition to the prescribed gaming, the applicant provides facilities for other gaming
 - (c) a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."
- 4.5 There are statutory conditions on Club Gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a Code of Practice about the location and operation of gaming machines.

5. Temporary Use Notices

- 5.1 Temporary Use Notices allow the use of premises for gambling where there is no Premises Licence but where a Gambling Operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according to the Gambling Commission, would include hotels, conference centres and sporting venues. The meaning of "premises" in Part 8 of the Act is discussed in Part 7 of the Gambling Commission's Guidance to Licensing Authorities. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place". In considering whether a place falls within the definition of a "set of premises" this Licensing Authority needs to look at, amongst other things, the ownership/occupation and control of the premises.
- 5.2 This Licensing Authority can only grant a Temporary Use Notice to a person or company holding a relevant Operating Licence i.e. a Non-Remote 1968 or 2005 Act Casino Operating Licence.
- 5.3 The Secretary of State has the power to determine what form of gambling can be authorised by Temporary Use Notices the relevant regulations (SI no 3157: The Gambling Act 2005 (Temporary Use Notices) Regulations 2007) state that Temporary Use Notices can only be used to permit the provision of facilities for equal chance gaming, where the gaming is intended to produce a single winner, which in practice means poker tournaments.
- 5.4 This Licensing Authority has to ensure that the statutory limit of 21 days in a calendar year is not exceeded.

5.5 There are a number of statutory limits applied to Temporary Use Notices. These can be found in the Gambling Act (Part 9).

5.6 This Licensing Authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises as recommended in the Gambling Commission's Guidance to Licensing Authorities.

6. Occasional Use Notices

6.1 This Licensing Authority has very little discretion as regards these Notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This Licensing Authority will though consider the definition of a 'track' and whether the applicant is permitted to avail him / herself of the Notice.

7. Lotteries

7.1 This Licensing Authority registers and deals with Small Society Lotteries. Promoting or facilitating a lottery falls within one of the following categories:

- Licensed Lotteries (requiring an Operating Licence from the Gambling Commission)
- Small Society Lotteries (registered with the Licensing Authority) Exempt Lotteries

7.2 Lotteries permitted to be conducted without a Licence from the Gambling Commission are:

- Small Society Lotteries (registered with the Licensing Authority)
- Incidental Non-Commercial Lotteries
- Private Lotteries (Private Society Lottery, Work Lottery, Residents' Lottery)
- Customer Lotteries

7.3. Societies may organise lotteries if they are licensed by the Gambling Commission, registered with this Licensing Authority or fall within the exempt category. This Licensing Authority recommends those seeking to run lotteries take their own legal advice on which type of lottery category they fall within. However, guidance notes with regard to all lotteries, limits placed on small society lotteries and information setting out financial limits is available by contacting this Licensing Authority.

7.4 Applicants for lottery licences must apply to the Licensing Authority in the area where their principal office is located. Where the Licensing Authority believes that the Society's principal office is situated in another area it will inform the Society as soon as possible and, where possible, will inform the other Licensing Authority.

7.5 This Licensing Authority will keep a Public Register of all applications and will provide information to the Gambling Commission on all lotteries registered by this Licensing Authority. As soon as the entry on the Public Register is completed, this Licensing Authority will notify the applicant of registration.

7.6 This Licensing Authority will ask applicants to set out the purposes for which the Society is established and will ask the Society to declare that they represent a bona fide non-commercial society and have no relevant convictions. This

Licensing Authority may seek further information from the Society and in particular may require a copy of the Society's constitution.

7.7 Where this Licensing Authority intends to refuse registration of a Society it will give the Society an opportunity to make representations and will inform the Society of the reasons why it is minded to refuse registration and supply evidence on which it has reached that preliminary conclusion.

7.8 This Licensing Authority may revoke the registered status of a Society if it thinks that they would have had to, or would be entitled to, refuse an application for registration if it were being made at that time. However, no revocations will take place unless the Society has been given the opportunity to make representations. This Licensing Authority will inform the Society of the reasons why it is minded to revoke the registration and will provide an outline of the evidence on which it has reached that preliminary conclusion.

7.9 As regards to where Small Society Lottery tickets may be sold, the Licensing Authority applies the following guidance criteria to all Small Society Lotteries it registers:

- tickets should not be sold in a Street. ('Street' includes any bridge, road, lane, footway, subway, square, court, alley or passage (including passages through enclosed premises such as shopping centres)).
- tickets may be sold in a street from a kiosk, in a shop or door to door.

This approach is consistent with the Operating Licence conditions imposed by the Gambling Commission upon operators of large lotteries.

8. Review

8.1 This Statement of Principles will remain in existence for a period of three years and will be subject to review and further consultation before 1st January 2022. However, following consultation, the Licensing Authority may make revisions to it as deemed necessary.
