Whilst we support the aim of Policy 7 to achieve a balance of retail uses within frontages, we do not consider health and wellbeing impacts are specific to hot food takeaways. Notwithstanding this, we support the criteria to which regard would be had in Part 3 of Policy 7, but consider that clearer guidance on numbers and distances in point (c) are essential in order for it to be evident how a decision maker should react to development proposals, in accordance with paragraph 16 (d) of the National Planning Policy Framework and paragraph 004 of part 53 of the Planning Practice Guidance. We also consider that there ought to be specific local evidence of high levels of obesity, deprivation, health inequalities and general poor health in Stamford for this part of the policy to comply with paragraph 004 of part 53 of the Planning Practice Guidance.

**5) Please set out what changes to the Neighbourhood Plan you consider to be necessary included (continue separate sheet if needed):**
