

Community Governance Review Consultation – Emails received

Date	From	Subject	Suggested response	Action
15.03.22	<p>██████████ ██████████</p>	<p>Got your letter about Grantham having a town council. Frankly, it means nothing to me. As far as I'm concerned, it's just ANOTHER layer of HIGHLY, HIGHLY, OVERPAID BUREAUCRACY. And a town council won't affect anything "I" do. What DOES affect me is something I've told Gareth Davies THREE TIMES (the MP for this area) : he told me he's contacted the Chief Inspector and is waiting for a reply. THAT was LAST YEAR.</p> <p>What I contacted Mr Davies about is these PESTS and NUISANCES with their DELIBERATELY LOUD BACKFIRING exhausts that goes on EVERY DAY AND NIGHT.</p> <p>I live in Grantham High Street ██████████ ██████████ and have done since April 2012.</p> <p>The reason Mr Davies HASN'T done anything about it is (in MY opinion) : Mr Davies lives in a "nice quiet area" - so HE doesn't have to ENDURE what "I" have to listen to EVERY DAY AND NIGHT.</p> <p>And now I hear on the news that MPs are getting a pay rise : an extra £2,200 a year to bring their pay to more than £84,000. WHAT A FARCE.....!!!!</p> <p>I KNOW it's an independent committee that decides how much an MP should get paid.</p>	<p>Dear Mr ██████████</p> <p>Thank you for responding to the Community Governance Review Consultation, and your views on the creation of a town council for Grantham.</p> <p>I'm sorry to hear that you are experiencing some issues with vehicle noise outside your property. If you haven't already done so, we would advise you to report the issue to the Police by ringing their non-emergency telephone number 101. You will then be given an incident number which will enable the police to track your complaint.</p> <p>I hope this helps and would like to thank you once more for responding to the consultation.</p> <p>Kind regards</p>	

		<p>That committee should be DISBANDED - and the PUBLIC should decide how much an MP should be paid - then it would be a REALISTIC wage. Mr Davies (in MY opinion) certainly DOES NOT deserve ANY rise - HE'S done NOTHING for ME.</p>		
17.03.22	<p>██████████ ████████████████████</p>	<p>Q1 yes Grantham should have a parish or town council. Why?because it would give people more of a say on what percentage and where money should be allocated e.g potholes,street lighting,litter bins, safe spaces/well being placed,how to make the town flourish,wildlife,e.g the table in Wyndham park are a good idea for community inclusion and also if someone needs to rest or just have their lunch.or take a breather many aspects asking the question.what would help grantham be a wonderful place which it already is,but even better so that if visitors also not from grantham visit they know it for wonderful attractions as well as essential maintenance of the town cited above.about 5years ago I had a man who was a tourist from Japan wanting to photograph Margaret Thatchers birthplace.also adult and social care investment.i recently suggested pool marathon at hunters pool bar to include everyone .i submitted it to the social workers on the mental health team. Q2 yes,great gonerby,londonthorpe and harrowby without parish,belton and manthorpe parish to form the parts of new town council boundary.</p>	<p>Dear ██████████ Thank you for taking the time to respond to the Community Governance Review Consultation. Your responses have been noted and will be included in the report which will be prepared when the consultation closes on April 22. Kind regards</p>	

		<p>Why?more accurate view of the local area and inclusivity in decision making and bringing the community together.</p> <p>Q3 I don't know.(I'm [REDACTED] and got confused by this question so said I don't know.</p> <p>Q4 I ticked they should be absorbed into the new town council serving Grantham.Why? It would be a lot simpler I'd imagine as a process more consistency and inclusivity.</p> <p>Q5 I put I don't know.but did comment.. Possible warding arrangement according to house band.though I don't know how it all works.</p> <p>Anything else was asked.Q6</p> <p>As a [REDACTED]</p> <p>[REDACTED] id like more education and safe places and spaces for people with [REDACTED] provisions they used to have a hospital also respite facilities and also Grantham people want grantham hospital.not just a and e but other parts of their service is important.and it would take pressure and imbalance off Lincoln and Boston and even gmc. [REDACTED] I found respite helpful also policing...a [REDACTED] community police liaison officer who understands even though [REDACTED] is not a police issue,better communications would help.</p> <p>My name is [REDACTED]</p> <p>[REDACTED] Lincolnshire.</p> <p>I submitted this survey as my writing is super tiny and I'm lefthanded and had previous [REDACTED]</p> <p>[REDACTED] so it would be hard to read my writing</p>

		<p>everyone tells me and I don't know how to scan QR.codes.</p>		
<p>21.03.22</p>	<p>██████████ ██████████</p>	<p>Thank you for the offering us the opportunity to respond to the survey regarding a Town Council for Grantham which arrived through our letterbox addressed to the Occupier last week. However, we are two occupiers at our property, both paying council tax and both on the voters roll. We would both like to express our opinion but your form only allows for one person to reply. As we are unable to complete this form online, it would have been nice to see room for more than one person to reply as not all households may be in agreement and therefore the whole point of a fair survey becomes null and void and undemocratic. Surely whoever is in charge of this project should have been aware of this lack of democracy and we draw it to your attention in the hope that the opinions of our townspeople may be more truly reflected.</p> <p>Your response is anticipated.</p> <p>Two disgruntled townspeople</p>	<p>Dear ██████████</p> <p>Thank you for contacting us about the Community Governance Review Consultation. You have queried why you have only been sent one copy of the survey as you (and the person you share a property with) would like the opportunity to express your views separately.</p> <p>Documentation has been sent to each domestic property in the unparished area of Grantham and the parishes that surround it, so that householders paying council tax in these areas have the opportunity to participate. This is because if a new town or parish council is created for Grantham, there will be a precept for this for those living in Grantham on their council tax bill. If changes are made to parish boundaries because of a new town council, it may have an impact on the precepts of the parishes adjacent. Council Tax is levied on domestic properties, not on the people who live in them. This was the rationale for sending one copy to each household. However, we are keen to encourage people to participate, and to capture and reflect the differing views that those living in the same household</p>	

			<p>may have. If you would like us to send you another printed copy of the survey, please supply your contact details. We can then pop one in the post to you, so you can both take part.</p> <p>Thank you for your comments and your interest in the consultation.</p> <p>Kind regards</p>	
21.03.22	<p>██████████ ████████████████████ ████████████████████</p>	<p>Good Morning,</p> <p>I am from the Post room at Lincolnshire County Council, we received the above attached document in one of our return envelopes, we believe it was placed in the envelop by mistake. Could you let us know what you wish us to do with this.</p>	<p>Hi ██████████</p> <p>Yes I think you're right. Someone has put the Community Governance Review Survey document in the wrong envelope.</p> <p>Would you be able to scan each page of the survey and email it across to us?</p> <p>We can then make sure the response is included.</p> <p>Many thanks</p>	
12.04.22	<p>██████████ ████████████████████ ████████████████████</p>	<p>My understanding is that the County Council and the District Council administer the area which includes Grantham.</p> <p>I see no advantage in a further body communicating with the District which then communicates with County.</p> <p>I say NO! Apart from resulting in extra costs it is in my opinion unnecessary for yet another group of people to do what taxpayers could achieve by</p>		

		strongly communicating matters direct to their Ward Councillors. ██████████
