1 INTRODUCTION

1.1 Powers and Duties

- 1.1.1 The licensing of hackney carriages dates back to 1847 and for private hire vehicles (outside London) to 1976.
- 1.1.2 The Local Government (Miscellaneous Provisions) Act 1976 ("the 1976 Act"), as amended, places on South Kesteven District Council, as the Licensing Authority ("the Authority"), a duty to carry out its licensing functions in respect of hackney carriages and private hire vehicles.
- 1.1.3 This document sets out the policy that the Authority will apply when making decisions about new applications and licences currently in force.
- 1.1.4 Regulation makes our society more secure. It protects customers and employees, it protects businesses and it protects the environment. Better regulation means maintaining and improving customer protection and at the same time providing the right environment for business to thrive. It shall be undertaken in a way that is effective, does not create unnecessary burdens, and is consistent, transparent, proportionate, accountable and fair.

1.2 Objectives

- 1.2.1 Hackney carriage and private hire vehicles play a vital and integral part in an integrated transport system. They also provide services in situations where other forms of transport are either not available (rural areas and late evenings) or for persons with mobility difficulties.

The Authority shall seek to promote the following objectives:

- the protection of the public
 - the establishment of professional and respected hackney carriage and private hire trades
 - access to an efficient and effective public transport service
 - the protection of the environment
 - the safety of the drivers
- 1.2.2 The Authority aims to regulate the service in order to promote the above objectives. It is the Authority's wish to facilitate well-run and responsible businesses, which display sensitivity to the wishes and needs of the general public.
- 1.2.3 When considering each of the policies detailed in this document, regard has been given to the *Statutory Code of Practice for Regulators* <http://www.berr.gov.uk/files/file45019.pdf> in order to ensure that each requirement is properly justified by the risk it seeks to address, balancing the cost of the requirement against the benefit to the public.

1.3 Best Practice Guidance

1.3.1 In formulating this policy, advice contained in the *Taxi and Private Hire Vehicle Licensing: Best Practice Guidance* issued by the Department for Transport in March 2010 has assisted the Authority together with local circumstances and operational requirements.

1.4 Status

1.4.1 In exercising its discretion in carrying out its regulatory functions, the Authority shall have regard to this policy document and the objectives set out above in 1.2.

1.4.2 Notwithstanding the existence of this policy, each application or enforcement measure will be considered on its own merits. Where it is necessary for the Authority to depart substantially from its policy - clear and compelling reasons shall be given for doing so.

1.5 Implementation

1.5.1 This revised policy shall take effect from 1 April 2015 and the Authority expects new and existing applicants for licences to comply with its terms immediately.

1.5.2 The Authority will keep this policy under review and will consult where appropriate on proposed revisions.

1.5.3 From the effective date, this policy will override and supersede all existing policies in relation to hackney carriage and private hire licensing.

1.6 Licensing Profile

1.6.1 A hackney carriage is a public transport vehicle with no more than 8 passenger seats, which is licensed to ply for hire. This means that it may stand at ranks or be hailed in the street by members of the public. A Private hire vehicle can only be licensed if it is constructed or adapted to seat up to 8 passengers. Private Hire vehicles must be booked in advance by customers through an operator and may not ply for hire in the street.

1.6.2 The Authority currently licences approximately 286 hackney carriages, 27 private hire vehicles and 16 private hire operators.

1.6.3 It has approximately 287 drivers licensed to drive hackney carriages, 19 licensed to drive private hire vehicles and 73 licensed to drive both (dual licensed).

1.7 Consultation

1.7.1 In reviewing this policy the Authority has consulted with the following stakeholders:-

- Licence holders
- Lincolnshire Police
- General public
- Other Authority services

1.8 Partnership Working

1.8.1 The Authority will work in partnership with other agencies to promote the policy objectives.

2 VEHICLES

2.1 Limitation of Numbers

2.1.1 No powers exist for licensing authorities to limit the number of private hire vehicles that they licence.

The current legal provision on quantity restrictions for hackney carriages is set out in section 16 of the Transport Act 1985. This provides "that the grant of a (hackney carriage) licence may be refused, for the purpose of limiting the number of hackney carriages in respect of which licences are granted, if, but only if, the person authorized to grant licences is satisfied that there is no significant demand for the services of hackney carriages (within the area to which the licence would apply) which is unmet."

2.1.2 In line with the *Taxi and Private Hire Vehicle Licensing: Best Practice Guidance*, the Authority does not impose a quantity restriction on the licences that are issued in respect of hackney carriages.

2.2 Specifications and Conditions

- 2.2.1 Local Licensing Authorities have a wide range of discretion over the types of vehicle that they can licence as hackney carriage or private hire vehicles.
- 2.2.2 Government guidance suggests that they should adopt the principle of specifying as many different types of vehicle as possible and are encouraged to make use of the "type approval" rules within any vehicle specifications they adopt.
- 2.2.3 The Authority accepts that there are a wide range of vehicles available that are suitable for use as a hackney carriage or private hire vehicles. In accordance with central Government's guidance, all vehicles therefore shall have an appropriate 'type approval' which is either a:
- European Whole Vehicle Type approval
 - British National Type approval
 - British Single Vehicle Approval (SVA) or subsequently an Individual Vehicle Approval (IVA)

As a guide, most large volume production vehicles produced in the UK and EU States after 1987 will satisfy British and/or European Whole Type Approval. Specialist vehicles or any vehicle that has been structurally modified, converted or imported from a non-EU State since its original manufacture will require separate IVA (SVA) and/or Department for Transport approval and such documentation must be submitted with an application.

- 2.2.4 The Authority shall impose such conditions as it considers reasonably necessary on hackney carriage and private hire vehicle licences. These vehicles provide a service to the public, so it is appropriate to set criteria for the standard of the external and internal conditions of the vehicle, provided that these are not unreasonably onerous.
- 2.2.5 **Appendix A** sets out the specification and minimum standards in respect of hackney carriages and for private hire vehicles.
- 2.2.6 Vehicles shall be licensed for the carriage of not more than 8 passengers. All applications for a licence in relation to vehicles that have a maximum capacity of 3 passengers shall be referred to the Licensing Committee.

2.3 Accessibility

- 2.3.1 Hackney carriages and private hire vehicles are an essential mode of transport for many disabled and older people. The combination of the personal service they offer, their wide availability and door to door operations enable them to respond particularly well to the travelling needs of people with disabilities.
- 2.3.2 The Authority encourages the provision of wheelchair accessible vehicles. There will be a 10% reduction from the application fee for such vehicles.

- 2.3.3 The Authority is committed to social inclusion and ensuring a wide variety of opportunities is available to those with mobility difficulties in order to enjoy a high quality of life.
- 2.3.4 The Equality Act 2010 brings together in one Act a number of different pieces of legislation about discrimination, - including disability discrimination. The Authority considers it important that people with disabilities have access to all forms of public transportation.
- 2.3.5 In addition to the general conditions, accessibility for people with disabilities (including, but not only people, who need to travel in a wheelchair) is, therefore, an important consideration in respect of vehicles licensed as hackney carriages/private hire vehicles.

2.4 Maximum Age of Vehicles

- 2.4.1 The *Taxi and Private Hire Vehicle Licensing: Best Practice Guidance* asks Licensing authorities to "support any local environmental policies that the local authority may have adopted". This would include any local vehicle emission standard.
- 2.4.2 The Authority will support any local environmental initiatives such as setting vehicle emissions standards or promoting cleaner fuels.
- 2.4.3 A further Government report suggests that, by adopting targeted air quality policies for road transport, significant reductions can be achieved for atmospheric pollutants. It highlights the impact that European-wide emission limits are having on improving air quality.
- 2.4.4 It is therefore considered that efforts should be made to improve, as far as is reasonable, the efficiency of vehicles licensed by the Authority, particularly in the emission of pollutants. Newer vehicles have improved fuel efficiency and will emit fewer pollutants, if they are properly maintained, than older vehicles. Vehicles manufactured prior to 1994 did not have to meet emission limits (Euro1 Technology).
- 2.4.5 In order to minimize the emission of atmospheric pollutants, an application for a new hackney carriage or private hire vehicle licence will not be accepted if it is seven years or older. The vehicle will continue to be licensed until it reaches the age of 10 years (12 years for purpose built vehicles) as long as the vehicle passes the compliance tests at the required times.

2.5 Vehicle Testing

- 2.5.1 The Authority needs to be satisfied that licensed vehicles operating within its area are safe to do so.
- 2.5.2 Hackney carriage and private hire vehicles are granted licences for a maximum period of 12 months. Prior to being granted a licence each vehicle shall be

examined and tested at a vehicle testing station approved by the Authority. Once licensed, the vehicle undergoes a further full examination and test at a vehicle testing station approved by the Authority at 6 monthly intervals.

- 2.5.3 Licensed vehicles that fail an authorised examination and test, **and**, are deemed unsafe as a passenger vehicle by the vehicle examiner, may result in the vehicle proprietor being issued with a suspension notice in order to prevent the vehicle being used to carry passengers until the defect(s) is/are remedied. The suspension will not be lifted until the vehicle has undergone a further test, at the proprietor's expense, and been passed as fit for use by the Authority. If the defect is not repaired within 2 months from the service of the suspension notice, the vehicle licence shall be revoked by the Licensing Officer.
- 2.5.4 A proprietor/driver shall comply with any request by a Licensing Officer or Police Officer inspecting the vehicle who is not satisfied as to the fitness of the vehicle or the accuracy of any fitted meter. Either Officer may give a written notice to the proprietor/driver of the vehicle to make the hackney carriage and/or taxi meter available for further inspection and testing at such reasonable time and place as may be specified, and the vehicle licence may be suspended until the Officer is satisfied as to the vehicle's fitness or as to the accuracy of the meter.

Accident Reporting

- 2.5.5 Proprietors of licensed vehicles are required to inform the Authority "as soon as reasonably practicable, and in any case within 72 hours of the occurrence thereof", (of) "any accident to such hackney carriage or private hire vehicle causing damage materially affecting the safety, performance or appearance of the hackney carriage or private hire vehicle or the comfort or convenience of persons carried therein".

2.6 Signage and Advertising

- 2.6.1 It is important that the public should be able to identify and understand the difference between a hackney carriage and a private hire vehicle.
- 2.6.2 Private hire vehicles shall not be permitted to display roof-mounted signs and any signs that include the words "Taxi" or "Cab" or "For Hire" anywhere on the vehicle.
- 2.6.3 Roof signs fitted to hackney carriage vehicles shall be illuminated at all times when the vehicle is available for hire.
- 2.6.4 Vehicle identification plates are a key feature in helping to identify vehicles that are properly licensed.
- 2.6.5 All licensed vehicles, except those private hire vehicles deemed Prestige/Executive Vehicles by the Authority, shall display plates externally on the rear of the vehicle.

Appendix K

- 2.6.6 Vehicles shall not be allowed to display written or other material on any window with the exception of those permitted by the conditions of the licence and those required by law, such as road fund licence, or manufacturer's mark.
- 2.6.7 Licensed vehicle proprietors will be permitted, subject to prior written approval of the Authority, to display signs, advertisements, notices or other markings on the outside of their vehicle. However they shall be subject to the following conditions:
- All advertisements shall comply with the Committee of Advertising Practice Codes <http://www.cap.org.uk/The-Codes.aspx> and shall be in a form acceptable to the Authority
 - No advertisement shall relate to or advertise alcohol, smoking materials or be of a political or religious nature, organization or campaign
 - Advertising will be 2 dimensional in design and limited to the front and rear door panels
 - Any damaged or disfigured advertisement signs shall be immediately removed

2.8 Driver Safety

- 2.8.1 The hackney carriage and private hire trades provide a valuable service, particularly late at night when other forms of public transport are not available. Security for drivers and passengers is of paramount importance. Licensed drivers deal with strangers, often in isolated places and carry cash and may be at risk of violence and other offences such as non-payment of fares, verbal and racist abuse.
- 2.8.2 There are a number of ways to reduce the risks such as pre-payment of fares, driver screens, CCTV surveillance systems and radio link schemes.
- 2.8.3 It is not proposed that measures such as CCTV should be required as part of the licensing regime, as it is considered that they are best left to the judgment of the owners and drivers themselves. The hackney carriage and private hire trades are, however, encouraged to consider the installation of CCTV systems in their vehicles on a voluntary basis.
- 2.8.4 CCTV security systems for the purpose of assisting driver safety are permitted in vehicles. If such devices are fitted, adequate signage shall be displayed in the passenger compartment advising passengers that they are being monitored/recorded. Any such equipment shall be fitted overtly and in such a way as not to present any danger or hazard to any passenger. It will be the driver/proprietor's responsibility to comply with all aspects of the law regarding such surveillance equipment. A minimum of two warning signs should be displayed prominently inside vehicles so as to be easily seen by passengers.
- 2.8.5 In any licensed vehicle where a CCTV security system is fitted, the proprietor shall ensure that the system is properly maintained and serviced to ensure clear images are recorded.

2.9 Application Procedures

2.9.1 The application procedures for a hackney carriage or private hire vehicle licence are not prescribed in law, but shall be made on the specified application form produced by South Kesteven District Council <http://www.southkesteven.gov.uk> in accordance with the application procedure set out in **Appendix C**.

2.10 Consideration of Applications

- 2.10.1 The Authority shall consider all applications on their own merits once it is satisfied that the appropriate criteria have been met and the application form and supporting documents are complete.
- 2.10.2 The Authority does not allow dual plating of vehicles due to the difficulty in enforcing such practice and the confusion it can cause customers.
- 2.10.3 Pursuant to section 57 of the Local Government (Miscellaneous Provisions) Act 1976, the Authority can ask as to whether you intend to use the vehicle in the district of South Kesteven or outside of the district.
- 2.10.4 You will need to be able to show what proportion of your business you propose to carry out in South Kesteven and what business will be carried out elsewhere, including the geographical location.
- 2.10.5 If we have concerns that the hackney carriage is to be used primarily outside of this area then the decision on whether to licence you would need to be made by our licensing committee.
- 2.10.6 This is in accordance with the decision in R (App Newcastle City Council) v Berwick-upon-Tweed Borough Council [2008] EWHC 2369.

Each case will be decided on its merits.

2.11 Renewal of Licences

- 2.11.1 Existing vehicle licence holders shall be reminded prior to their expiry date that their licences are due to be renewed. Please be advised that it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.
- 2.11.2 It is recommended that vehicles should be examined and tested at one of the Authority's approved testing stations at least 7 days prior to the application appointment. This is to allow time for a vehicle to be repaired and then re-tested, should the vehicle examination identify the need, prior to the expiry of the licence.

2.12 Environmental Considerations

2.12.1 Hackney carriages and private hire vehicles are an essential form of transport in the South Kesteven area. Many people depend on hackney carriages and private hire vehicles for trips when other forms of transport are unsuitable. It is, however, clearly important that emissions from licensed vehicles are reduced as far as possible.

2.12.2 It is therefore important that efforts are made to improve, as far as possible, the efficiency of licensed vehicles by, in particular, reducing the levels of CO₂, Nitrogen Dioxide and particles emitted. Liquid petroleum gas (LPG) conversions are therefore acceptable. Any conversion to LPG must be undertaken by an approved converter and the conversion certificate produced to the Authority for inspection.

2.12.3 Emissions from licensed vehicles could be reduced further by encouraging better maintenance of vehicles and by switching off engines when stationary or idling, particularly at ranks. It is, however, proposed that this aspect be tackled through education and promotion.

2.12.4 The Authority would support initiatives which would be beneficial to the environment such as taxi sharing schemes and taxi and private hire vehicle buses.

2.12.5 A 10% reduction will be given for the licensing of LPG/Hybrid/electric vehicles.

2.13 Stretched Limousines

2.13.1 Stretched limousines are elongated vehicles that have been increasingly used for mainstream private hire work. The number of stretched limousines being imported, particularly from the United States of America, has been increasing. Their use generally includes all private hire work plus special occasions such as days at the races, stag and hen parties and children's birthday parties.

2.13.2 Licensing authorities have, in the past, considered there to be some problems preventing stretched limousines from being licensed including:

- some of the vehicles are capable of carrying more than eight passengers;
- many of the vehicles are left hand drive
- many of the vehicles are fitted with all around darkened glass
- many of the vehicles have been converted or modified after manufacture
- seating space per passenger is 460mm and could give a greater capacity than eight persons
- due to their origin - many parts may not be available, making adequate maintenance difficult

2.13.3 Most limousines are imported for commercial purposes and were historically required to take a Single Vehicle Type Approval (SVA) test - this is now the Individual Vehicle Approval (IVA) scheme. The IVA Scheme is an inspection scheme for vehicles that are not approved to British and European Standards,

and its purpose is to ensure that these vehicles meet modern safety standards and environmental standards before being used on public roads. When presented for IVA, the vehicle is produced with a declaration that it will never carry more than eight passengers. The importer must inform any person who may use it of this restriction. Any subsequent purchasers must also be informed of the restriction.

2.13.4 Any stretched limousines, which are offered for private hire, do of course require a licence. Before licensing for private hire a full insurance policy for private hire purposes will be required.

2.13.5 Applications to licence stretched limousines as private hire vehicles will be treated on their merits. It is, however, proposed that imported stretched limousine type vehicles be:

- authorized as prestige type private hire vehicles
- approved for licensing as private hire vehicles, subject to the additional conditions detailed in **Appendix B**

2.14 Contract Vehicles

2.14.1 The Road Safety Act 2006 requires vehicles used under a contract with an organisation or company, for carrying passengers for hire or reward be licensed as private hire vehicles. As a general guide this shall include executive hire, chauffeur services including recovery from hot air balloon rides, park and ride for private car parks, airport travel, stretch limousines and novelty vehicles.

2.15 Prestige Type Vehicles - Exemption from displaying plate

2.15.1 The 1976 Act gives a district council the discretion to grant a proprietor a dispensation from displaying the licence plate on their licensed private hire vehicle. Each application for a dispensation will be considered by the Licensing Officer on its own merits. The overriding consideration will be public safety.

2.15.2 The granting of any dispensation by the Authority will be confirmed in writing by the Licensing Officer and a copy of the dispensation shall be carried in the vehicle at all times and shall be produced to an Authorised Officer on request.

2.15.3 Dispensation will not be granted as a matter of course. The case for dispensation will have to be made by the proprietor. In determining an application it will normally be the status of the passenger and the executive nature of the work that will indicate whether or not the dispensation should be granted. The high quality of the vehicle being used will be supportive of an application, but will not be the sole determining factor. Please see **Appendix K** for full details.

2.16 Exempt Vehicles

- 2.16.1 Vehicles that are used solely in connection with a funeral, or are being wholly or mainly used by a person carrying on the business of a Funeral Director for the purpose of funerals, do not need to be licensed.
- 2.16.2 Vehicles that are used solely in connection with a wedding do not require a licence.

3 DRIVERS

3.1 Parallel Procedures

- 3.1.1 The statutory and practical criteria and qualifications for a private hire driver are similar to those for a hackney carriage driver. The sections below, therefore, apply equally to private hire and hackney carriage drivers unless indicated.

3.2 Licences

- 3.2.1 Separate driver's licences shall be held in respect of driving hackney carriage and private hire vehicles. Where a licensed private hire driver wishes to drive a hackney carriage he will be required to hold a dual licence. Licences shall be issued for a maximum period of 12 months unless legislation changes but the Authority shall grant licences for a lesser period if deemed appropriate.
- 3.2.2 Applicants shall be over 18 years of age and shall have held a full driving licence issued in the UK, the European Community (EC) or one of the other countries in the European Economic Area (EEA) for at least 12 months. Once the counterpart of driving licences has been abolished, all DVLA licenses will be checked annually either through DVLA or an independent body providing this service. The cost of this will be borne by the applicant.
- 3.2.3 Applicants shall make a declaration that they have a statutory right to work in the UK and any applicant that has a limited right to work shall not be issued a driver licence for a period longer than that limited period.
- 3.2.4 Any applicant for a new or renewal licence shall be required to complete an application form and a statutory declaration and formally confirm any convictions, spent or otherwise, at the time of application or each renewal of their private hire or hackney carriage driver's licence. These forms ask for any time spent abroad and any convictions imposed in the UK or abroad. All the applicant's criminal convictions must be entered onto these forms, including spent convictions and cautions. It is an offence to knowingly or recklessly make a false statement or to omit information required by the Authority (Part II, Section 57, the 1976 Act).
- 3.2.5 A Disclosure and Barring Service application shall be applied for on application and every three years thereafter if subsequent renewal applications are made unless the applicant has subscribed to the Disclosure & Barring Update Service.

- 3.2.6 Where an applicant has resided in the UK for less than 5 years, or has spent a period of 3 months or more within the last 5 years as a non-resident, the Authority will require a certificate of good conduct, obtained at the applicant's own expense, authenticated by the relevant Embassy of the country of residence. The applicant will also arrange for the certificate to be translated into English.
- 3.2.7 Applicants shall also provide a completed medical examination form supplied by the Authority and completed by their own General Practitioner, or a Doctor who has access to the applicant's medical history, on first application and every 3 years thereafter until aged 65 years or if they have a relevant medical condition, when annual examinations are required. This will be at the applicant's own expense. Application procedures are detailed in **Appendix C**.

3.3 Topographical Knowledge (Driver Knowledge Tests)

- 3.3.1 Hackney carriage drivers need a good working knowledge of the area for which they are licensed, because they can be hired directly at ranks or on the street. The Authority also considers it necessary for private hire drivers to know the area.
- 3.3.2 In order to assist the Authority in determining the fitness of an applicant to hold a hackney carriage or private hire driver's licence, applicants are required to undertake a communications test to challenge their understanding of the English language and numeracy, and a test to challenge their knowledge of the area within the district of South Kesteven.
- 3.3.3 The first knowledge test must be taken within one month of the authority receiving the DBS disclosure. If this test is not taken within one month, the applicant will be required to re-apply as a new applicant.

3.4 Driving Proficiency

- 3.4.1 The Driving Standards Agency (DSA) provides a driving assessment specifically designed for hackney carriage and private hire drivers.
- 3.4.2 First time applicants having more than 6 points (both current and expired accrued within a 4 year period) on their DVLA Driving Licence are required to pass the DSA test prior to the granting of the licence.
- 3.4.3 Existing drivers with more than 8 points (both current and expired accrued within a 4 year period) on their DVLA Driving Licence are required to pass the DSA test within 3 months from the time of accruing the points or their licence will be suspended until such time as the DSA test has been passed.

3.5 Driver Qualification

- 3.5.1 The Authority believes all passenger transport drivers, whose role demands high standards in driving and customer service, would benefit from a nationally recognised qualification. These would cover customer care - including how best to meet the needs of people with disabilities and other sections of the community - and also topics such as the relevant legislation, road safety, the use of maps and

GPS, the handling of emergencies, and how to defuse difficult situations and manage conflict.

3.6 Medical Examination

- 3.6.1 The Authority requires Group 2 Standards of Medical Fitness, as applied by the DVLA to the licensing of lorry and bus drivers, as the appropriate standard for licensed hackney carriage and private hire drivers.
- 3.6.2 Holders of Public Service Vehicle (PSV) and/or Heavy Goods Vehicle (HGV) licences, where the holder is able to produce proof of current medical examination less than 3 months old, shall not be required to undergo a medical examination on first application.
- 3.6.3 Licence holders shall advise the Authority of any deterioration in their health that may affect their driving capabilities by the next working day.
- 3.6.4 Where there is any doubt as to the medical fitness of the applicant, the Authority may require the applicant to undergo and pay for a further medical examination by a Medical Doctor appointed by the Authority.
- 3.6.5 Where there remains any doubt about the fitness of any applicant, the Licensing Committee will review the medical evidence and make any final decision in light of the medical evidence available.
- 3.6.6 No licence shall be issued until medical clearance (if required) has been established.

3.7 Disclosure & Barring Service (DBS) Disclosures

- 3.7.1 A criminal record check on a driver is seen as an important safety measure. An Enhanced Disclosure through the DBS is required.
- 3.7.2 The Rehabilitation of Offenders Act 1974 does not apply to applicants for both hackney and private hire drivers licences. They are required to disclose all convictions, including those that would normally be regarded as spent.
- 3.7.3 Before an application for a driver's licence will be considered, the applicant must apply for a DBS check through the Licensing Section of South Kesteven District Council unless they are subscribed to the Update Service provided by the DBS and can produce their disclosure for checking.
- 3.7.4 The Authority is a registered body with the DBS. Applicants who are not already prescribed to the Update Service must deal with the DBS through the Authority and will be charged an appropriate fee.
- 3.7.5 Applicants for renewal of a driver's licence are required to have a criminal record check from the DBS every third year.

- 3.7.6 The Authority is bound by rules of confidentiality, and will not divulge information obtained from the DBS report to any third parties. The applicant for a DBS disclosure will be sent a copy of the disclosure report to their home address
- 3.7.7 The Authority no longer receives a copy of the DBS disclosure direct from the DBS and therefore it is the responsibility of the applicant to ensure the Licensing Section has sight of the disclosure before a decision can be made as to whether or not a licence can be renewed/issued. Licences will not be issued until these have been received.

3.8 Relevance of Convictions and Cautions

- 3.8.1 In relation to the consideration of convictions and police cautions recorded against persons, the Authority has adopted the policy set out in **Appendix D** under Relevance of Convictions.
- 3.8.2 In assessing whether the applicant is a fit and proper person to hold a licence, the Authority shall consider each case on its merit. It will take account of cautions and convictions, whether spent or unspent, but only in so far as they are relevant to an application for a licence. Upon receipt of a disclosure from the DBS, a Licensing Officer will assess whether any or all of the convictions, and any additional information received, is capable of having real relevance to the issue of whether or not the applicant is a fit and proper person to hold a licence in line with the policy at **Appendix D**.

3.9 Application Procedure

- 3.9.1 An application for a hackney carriage or private hire driver's licence shall be made on the specified application form. The application procedure is set out in **Appendix C**.

3.10 Renewal of Licences

- 3.10.1 The licensing authority will aim to send a reminder by post to licence holders in the month preceding their expiry when their licences are due to be renewed but the responsibility is on the driver to renew in good time. Completed application forms, appropriate fees, and supporting documentation, as set out in **Appendix C**, must be submitted at the time of application.

3.11 Conditions of Licence

- 3.11.1 The Authority is not permitted to attach conditions to a hackney carriage driver's licence. It is, however, empowered to attach such conditions to a private hire driver's licence as are considered necessary.
- 3.11.2 The Authority considers that the conditions of licence as set out in **Appendix E** are reasonable, necessary and appropriate for all licensed private hire drivers.

3.12 Convictions – Licence Holders

- 3.12.1 Where offences, leading to conviction or police caution, are committed by licensed drivers, it is important - in the interests of consistency and transparency - that a procedure is in place to consider what effect this should have on their licence.
- 3.12.2 Drivers, who are convicted of any criminal or motoring offence or issued with a police caution during the currency of their licence, must disclose the conviction and the penalty imposed to the Authority, verbally by the end of the next working day followed up in writing within seven days of conviction.
- 3.12.3 If a licensed driver ceases to have a valid DVLA driving licence then their Hackney Carriage or Private Hire driver's licence issued by this Authority shall be deemed invalid.
- 3.12.4 Convictions, police cautions and breaches of legislation, licence conditions, byelaws and of this policy, by licence holders, shall be dealt with in accordance with this Authority's enforcement policy as set out at **Appendix I**.

3.13 Driver's Conduct

- 3.13.1 The standards expected of licensed hackney drivers are set out in sections 5 to 13 of the byelaws made under the Town Police Clauses Act 1847 and the Public Health Act 1875, which should be read in conjunction with the other statutory and policy requirements set out in this document. The byelaws are attached as **Appendix F**. Failure to comply with the requirements of the byelaws may result in action being taken which may affect the licence.

3.14 Dress Code

- 3.14.1 Anything that serves to enhance the professional image of the hackney carriage and private hire trade, and promotes the concept that drivers of licensed vehicles are vocational drivers, is to be welcomed. This would include drivers dressing in smart casual clothes.

4 PRIVATE HIRE OPERATORS

4.1 Requirements and Obligations

- 4.1.1 Any person who operates a private hire service (who is not also a hackney carriage proprietor who permits hackney carriages to be used for private hire) must apply to the Authority for a Private Hire Operator's licence. The objective in licensing private hire operators is the safety of the public, who will be using operator's premises, and vehicles and drivers, arranged through them. But again, best practice, in respect of the controls required over private hire operators, is to ensure that the costs of any licence requirements are commensurate with benefits that they seek to achieve.

- 4.1.2 A private hire vehicle shall only be dispatched to a customer by a private hire operator who holds a Private Hire Operator's licence. Such a licence permits the operator to make provision for the invitation or acceptance of bookings for a private hire vehicle. A private hire operator shall ensure that every private hire vehicle is driven by a person who holds a private hire driver's licence.
- 4.1.3 Applications for a Private Hire Operator's licence shall be made on the prescribed form, together with the appropriate fee. The Authority will then decide whether the applicant is a fit and proper person to hold a Private Hire Operator's licence.

4.2 Criminal Record Checks

- 4.2.1 Private hire operators are not exceptions to the Rehabilitation of Offenders Act 1974, so Standard or Enhanced disclosures cannot be required as a condition of grant of an operator's licence, but a Basic Disclosure from the DBS nevertheless is seen as appropriate. Whilst at this time a Basic Disclosure is not available via the DBS in England and Wales, it can be obtained in Scotland for residents in England and Wales.
- 4.2.2 Before an application for a Private Hire Operator's licence will be considered, the applicant shall provide a current (less than 1 month old) Basic DBS Disclosure or police check. The DBS disclosure shall be produced on application and every three years thereafter if subsequent renewal applications are made unless they are currently licensed as a South Kesteven Hackney or Private Hire driver.

4.3 Conditions

- 4.3.1 The Authority has power to impose such conditions on a Private Hire Operator's licence as it considers reasonably necessary and these are set out in **Appendix H**.

4.4 Insurance

- 4.4.1 Before an application for a Private Hire Operator's licence is granted, the applicant shall produce evidence that they have taken out appropriate public liability insurance for the premises to be licensed.

4.5 Licence Duration

- 4.5.1 The Department for Transport considers that annual licence renewal is not necessary or appropriate for private hire operators. They recommend, as good practice, that a licence period of five years would be reasonable. However, although the operator will not have as much direct contact with the public as a driver, an operator will be privy to confidential information on bookings, and this Authority considers a five year period to be too long.
- 4.5.2 This Authority shall grant Private Hire Operator licences for a period of one year from the date of grant, subject to the power to grant a licence for a shorter period should this be appropriate in the circumstances.

4.5.3 Holders of existing Private Hire Operator licences shall be reminded, in the month preceding their expiry, when their licences are due to be renewed.

5 DISCIPLINARY AND ENFORCEMENT MEASURES

5.1 Enforcement

5.1.1 The Government believes that regulators should have access to effective sanctions that are flexible and proportionate and that ensure the protection of workers, consumers, and the environment when tackling non-compliance by businesses.

5.1.2 It is recognised that a risk-based approach to enforcement by the Authority benefits not only the public, but also the responsible members of the hackney carriage and private hire trades.

5.1.3 In pursuance of its objective to encourage responsible hackney carriage/private hire businesses, the Authority shall operate a firm but fair disciplinary and enforcement regime. With a view to balancing the promotion of public safety with the need to permit individuals to safeguard their livelihood without undue interference, the Authority will only intervene where it is necessary and proportionate to do so, having regard to the objectives outlined in section 1.2.1 of this document. Where defects are such that vehicles need to be immediately prohibited, livelihood interference is inevitable.

5.1.4 The Enforcement Policy as set out at **Appendix I** will ensure that the Authority's enforcement effort is reasonable, transparent and well directed.

5.2 Disciplinary Hearings

5.2.1 Disciplinary matters are considered by the Authority's Licensing Committee.

5.3 Penalty Points Scheme and Warnings

5.3.1 In respect of minor breaches of licence conditions, the Authority shall issue penalty points, warnings and cautions, as are appropriate to the circumstances. The Penalty points scheme is included at **Appendix J**.

5.3.2 A licence holder issued with penalty points may appeal against such a decision to a licensing officer in the first instance. If a satisfactory resolution cannot be found then the appeal will be referred to a manager from an independent business area for a decision. If the allocated points total 9 or more and the recipient still does not agree with the licensing officer or the independent business manager, the appeal will be heard by the Licensing Committee.

5.4 Suspension of Vehicle Licences

5.4.1 Licensed vehicles shall be kept at all times in a safe, tidy and clean condition. Compliance with the vehicle specifications and conditions of licence is essential and will be enforced by periodic, random vehicle inspections by the Authority. Where it is found that any vehicle is not being properly maintained a Vehicle

Defect Notice will be served on the vehicle proprietor setting out the defect(s) that need to be rectified, and arrangements for the vehicle to be further inspected to check compliance. This notice will be used by Authorised Officers where the defects are not deemed serious. Failure to comply with the requirements of the notice may result in the vehicle licence being suspended automatically.

- 5.4.2 Where public safety is likely to be put at risk by the defect(s) a Suspension Notice shall be served on the vehicle proprietor who must have the vehicle repaired. The suspension will not be lifted until the vehicle has undergone a further test, at the proprietor's expense, and been passed as fit for use by the Authority. If the defect is not repaired within 2 months from the service of the suspension notice, the vehicle licence shall be revoked by the Licensing Officer.

5.5 Revocation and Suspension of Licences

- 5.5.1 Where a licence holder has been referred to the Licensing Committee, the Committee may order the revocation or suspension of the licence.

5.6 Prosecution

- 5.6.1 The Authority shall prosecute licence holders for relevant offences in accordance with the statutory Regulator's Compliance Code and its own enforcement policy.

5.7 Complaints

- 5.7.1 Complaints regarding licensed drivers, operators and vehicles can be reported to the Authority's Customer Service Centre. All complaints will be investigated by a Licensing Officer in accordance with our service standards and enforcement policy.

6 OFFENCES

- 6.1.1 The relevance of offences and convictions for prospective applicants is outlined in **Appendix D** and for existing licence holders in **Appendix I**.

7 DELEGATED POWERS

7.1 Licensing Committee

- 7.1.1 The Licensing Committee of the Authority is responsible for the management of the Hackney Carriage and Private Hire Licensing regime in the district, along with the formulation and review of its policy in this regard.
- 7.1.2 The Licensing Committee of the Authority has delegated its authority to act as authorised officer and authorise officers to act for the purposes of licensing hackney carriage and private hire vehicles under the provisions of the 1976 Act and the Town Police Clauses Act 1847 and exercise the powers of the Authority in respect of specific offences. The full details of the delegated powers can be found in the Authority's Constitution.

- 8.1.3 The Authority shall review the Default Table of Fares annually. Any changes shall be advertised by the Authority in a paper circulating in the district in accordance with legislation.
- 8.1.4 The Authority is not able to set fares for private hire vehicles.
- 8.1.5 When a journey ends outside the district boundaries of the Authority a fare greater than that that would have been shown on the meter may be charged **but only if an agreement has been made with the hirer in advance.**

8.2 Table of Fares

- 8.2.1 A table of fares that has been registered with the Authority, or the Authority's Default Table of Fares, must be displayed in each vehicle so that it is easily visible to all hirers.
- 8.2.2 Private Hire Operators that use licensed vehicles fitted with a fare meter shall provide the Authority with a current table of fares. This table must also be displayed in each private hire vehicle so that it is easily visible to all hirers.

8.3 Receipts

- 8.3.1 Drivers shall, if requested by the passenger, provide written receipts for fares paid.

9 FEES

9.1 Fee Structure

- 9.1.1 The legislation provides that fees charged to applicants should be sufficient to cover the costs of inspecting the vehicles, providing hackney carriage stands (taxi ranks) and administering the regulation of the hackney carriages and private hire trades.
- 9.1.2 The Authority shall review the fee structure annually. Any changes shall be advertised by the Authority in a paper circulating in the district in accordance with legislation.

9.2 Payment Refunds and Transfers

- 9.2.1 The appropriate fee must be paid when the application is submitted.
- 9.2.2 A charge will be levied to cover the administrative costs associated with the transfer of ownership of a vehicle or refusal of any application.
- 9.2.3 Proprietors who change their vehicle part way through the licensing period will be eligible for a credit towards their new vehicle's licence. This will be at a proportion of the annual fee, based on each full day remaining on the licence, less an administration fee.
- 9.2.4 Except under exceptional circumstances, driver's or vehicle licences surrendered prior to their expiry shall not be eligible for a refund of the unexpired portion of the licence.

10 HACKNEY CARRIAGE STANDS

- 10.1.1 The purpose of hackney carriage stands is to provide the public with a set location where they can hire a licensed hackney carriage. The stand is the only situation where a hackney carriage may ply for hire in a stationary position and shall be situated in locations where the public most need hackney carriages, for example - adjacent to transport facilities, retail areas and places of employment, entertainment and leisure facilities. Stands are sited so that passengers can board or alight from the vehicle safely. Stands can be for continual or part time use.
- 10.1.2 The provision of hackney carriage stands is not a legal requirement and may be removed or relocated at the discretion of the Authority.
- 10.1.3 Please see the council's website for the current location of the taxi ranks in the South Kesteven area.

APPENDIX B

ADDITIONAL CONDITIONS FOR PRIVATE HIRE LIMOUSINES

1. DEFINITION OF A LIMOUSINE

- 1.1 For the purposes of this policy and licence conditions, a stretched limousine is defined as follows:
- 1.2 A stretched limousine is a motor vehicle that has undertaken a Ford Motor Company Qualified Vehicle Modifier (QVM) or Cadillac Master Coachbuilder (CMC) or an equivalent conversion programme resulting in its lengthening by an additional body section that is:
- Capable of carrying up to but not exceeding 8 passengers

2. PRE-LICENSING REQUIREMENTS AND LICENSING CONDITIONS

	Issue	Licence Condition	Justification
1.	Left hand drive vehicles	Permit left hand drive limousines to be licensed.	The majority of stretched limousines are imported from the United States of America and are left hand drive. The Department for Transport has recommended that Authorities should not refuse to licence limousines simply because they have characteristics which contravene their existing policy, i.e. left hand drive.
2.	Sideways Seating	Permit limousines with sideways facing seating to be considered for private hire vehicle licensing, but no seat must be positioned so that it permanently obstructs any door.	A main characteristic of stretched limousines is their sideways facing bench seats. In line with the Department for Transport guidance the Authority will consider the suitability of limousines with sideways seating for licensing.
3.	Signage	Provided that they have received written consent from the Authority - limousines may, in certain circumstances, not be required to display identification signs required by other private hire vehicles.	Signage serves to distinguish private hire vehicles from ordinary saloon cars and to make them clearly identifiable to the public. However, the naturally distinctive appearance of stretched limousines means that they are very unlikely to be confused with a private road user's vehicle or a hackney carriage vehicle.

4.	Tinted Glass	Be no restriction to the level of tint for the glass windows in the passenger compartment. However, tinted glass in the windscreen and front doors shall be restricted to the requirements of the SVA Standards.	It is recognised that the privacy provided by tinted glass in the passenger compartment is a central characteristic of a limousine.
5.	Fare Table/Taximeter	Limousines are not required to display a fare table or contain a taximeter. Any taximeter fitted must be in accordance with the Authority's private hire requirements detailed at item 31 of the policy.	Stretched limousines often do not operate under a fare system as journeys are generally pre-paid in advance based on the length of time they are hired for.
6.	Roadworthiness	Shall hold a valid Single Vehicle Approval (SVA) Certificate or equivalent.	SVA test comprises of a visual examination of a vehicle and certifies its safety and roadworthiness.
7.	Insurance	An appropriate insurance policy must be in place, which covers use of the vehicle for hire and reward.	Some limousines may be operating under insurance policies which do not cover use for hire and reward and take into account that the vehicle has been stretched.
8.	Tyres	The limousine must be fitted with tyres that meet the size, rating and weight specification.	Given the increased weight of the vehicle - tyres of the correct weight and size rating must be used at all times.
9.	Vehicle Testing	The limousine shall be examined twice a year to the appropriate Class MOT standard.	To ensure that limousines licensed by the Authority are maintained to high standards and remain safe.

10.	Maximum Passengers	The limousine's seating capacity must be reduced where necessary to a maximum of 8 passengers.	Authorities can only licence vehicles with a maximum seating capacity of up to 8 passengers.
		Any seats in the driver's compartment, other than the driver's seat, shall not be used to carry passengers.	This is to ensure that passengers are not carried in the front of the vehicle to improve driver and passenger safety.
		The vehicle must not carry more than 8 passengers at any time.	This condition shall be enforced by Authorised Officers performing random inspections of licensed vehicles.
		In any advertisement publicising their limousine service, the operator must state that the vehicle is only licensed to carry 8 passengers.	To inform customers of the maximum carrying capacity of the vehicle.
11.	Seat Belts	Seatbelts must be fitted to all seats and must be worn at all times by passengers whilst the vehicle is in motion.	In accordance with Road Vehicles (Construction & Use) Regulations 1986.
12.	Alcohol	Alcoholic drinks provided in the vehicle shall be under the terms of an appropriate licence relating to the retail sale and supply of alcohol.	To comply with alcohol licensing requirements and to safeguard public safety.
		Alcohol shall only be served while the vehicle is stationary. Whilst the vehicle is in motion the receptacle shall be placed in a secure holder.	Public safety

12.	Alcohol (continued)	If the passengers are below the age of 18 years, then no alcohol shall be permitted in the vehicle for consumption in the vehicle.	Protection of children from harm
		Any glassware in the vehicle must be made of strengthened glass. Use of polycarbonate vessels should be considered.	Public safety
13.	Entertainment	The driver shall not play or permit the performance of any media that, given its age classification or content, is unsuitable for the age of any of the passengers in the vehicle.	To safeguard children and vulnerable adult passengers from viewing unsuitable material.
		The limousine operator shall ensure that a Performing Rights Society licence is held (if appropriate).	Many limousines have the capability of playing recorded media for the entertainment of customers and so the operator must ensure the appropriate royalties are paid.
		If the limousine parks to provide some form of entertainment to its passengers then a Premises Licence must be in place in accordance with the Licensing Act 2003.	Entertainment regulated under the Act includes recorded TV, video, video games, loudspeakers, or any other activity provided for the passenger's enjoyment.
14.	Authority Notices	The proprietor shall when directed by the Authority, display and maintain any notices in a conspicuous position.	To convey information to passengers where appropriate.

15.	Advertisements	No other signs, notices or any other marking will be displayed on or in the vehicle without the written consent of the Authority.	To ensure that any material displayed in the limousine is suitable for public viewing.
16.	Luggage	Ensure that loose luggage is not carried within the passenger compartment of the vehicle.	Passenger safety.

To ensure that driver and vehicle is licensed, however the distinctive appearance of the vehicle will ensure that it will not be confused with a private road vehicle.

APPENDIX C

APPLICATION PROCEDURES

1. Application Procedures – Vehicles

- 1.1 Vehicle proprietors shall make arrangements directly with the Authority approved vehicle testing stations to have vehicles examined and tested.
- 1.2 Prior to submitting the vehicle for examination, proprietors shall ensure that the vehicle is in good condition, i.e. mechanically sound; bodywork satisfactory.
- 1.3 In respect of renewal applications, vehicles shall not be examined more than 4 weeks before their licence is due to expire. However, it is recommended the examination and test is arranged at least 7 days prior to the application appointment in case the vehicle examination identifies the need for repair work and re-testing which can then be undertaken prior to the expiry of the licence.
- 1.4 Vehicle proprietors may be subject to a recharge fee by the vehicle testing station in respect of vehicles that fail the vehicle test and undergo a second examination and test.
- 1.5 If the annual compliance test is not carried out on or before the expiry date, the licence will be deemed to have expired. This means that it will be treated as a new application subject to it still meeting the age specification.
- 1.6 When presenting an application at the Authority's Customer Service Centre, the following documents **MUST** accompany the completed application form:
 - (i) **DVLA Vehicle Registration Certificate** (which must show the applicant is the registered keeper of the vehicle) or a bill of sale identifying the vehicle, seller and purchaser as long as this is accompanied by the part of registration certificate showing the year of registration of the vehicle

2. Application Procedures – Drivers

- 2.1 Applications for hackney carriage or private hire driver licences may be made at any time of the year. Applicants shall hold a full driving licence issued in the UK, the European Community (EC) or one of the other countries in the European Economic Area (EEA).
- 2.2 Applicants shall have held a full UK, EC or EEA driving licence for at least 12 months and be aged 18 years or over.
- 2.3 Applicants will be required to complete an application form and pay the appropriate fee for a disclosure from the Disclosure & Barring Service (DBS) on first application and every 3 years thereafter. Three forms of personal identification are required as well as a utility bill showing the applicant's current address. Applicants will also need to provide their national insurance number. Details of acceptable identification are detailed on the Government website:
<https://www.gov.uk/disclosure-barring-service-check>
- 2.4 Where an applicant has resided in the UK for less than 5 years, or has spent a period of 3 months or more within the last 5 years as a non-resident, the Authority will require a certificate of good conduct authenticated by the relevant embassy of that country of residence, provided at the applicant's own expense, in addition to the enhanced DBS check. The applicant shall ensure this certificate is translated into English by an authorised body.
- 2.5 Applicants shall make a declaration that they have a statutory right to work in the UK and any applicant that has a limited right to work shall not be issued a driver licence for a period longer than that limited period.
- 2.6 Applicants are required to pass a medical examination of Group II standards and shall provide the completed medical examination form supplied by the Authority and completed by their own General Practitioner, or a General Practitioner with access to the applicant's medical record, on first application and every 3 years thereafter until aged 65 years, or annually with a medical condition when annual examinations are required. - 2.8 All applications will have to be submitted **IN PERSON** at one of the Authority's offices - Stamford, Bourne, The Deepings and Grantham - in order for photographs to be taken by digital camera.

3. New Driver Qualifications

3.1 Introduction

- 3.1.1 In order to maintain the high standards that the Authority expects of its drivers operating within the district - a basic numeracy, literacy and knowledge of locations is assessed by the Authority through a knowledge test.
- 3.1.2 First time applicants having more than 6 points (both current and expired accrued over a 4 year period) on their DVLA Driving Licence are required to pass the Driving Standards Agency hackney carriage or private hire vehicle practical driver's test prior to the granting of the licence.

3.2 Local Knowledge Test

- 3.2.1 All new drivers are required to undertake a basic numeracy, literacy and knowledge test of locations within the Authority's area. There is a separate charge for this.
- 3.2.2 If further tests are required these will be arranged and an additional fee will be charged. This will be paid prior to the test. Subsequent tests must be a minimum of one week apart. These tests must be held within two months of the first failed test date
- 3.2.3 The literacy and numeracy test aims to identify understanding of the English language and basic mathematics.
- 3.2.4 The local knowledge test is practical and aims to identify knowledge of locations of places of interest and routes.
- 3.2.5 Failure to pass all elements of the knowledge test after 3 attempts will deem the applicant unsuccessful and the application fee will be refunded, minus the administration fee. Further applications will not be considered until at least 6 months has elapsed since the failure of the last knowledge test when it is expected the applicant will have gained sufficient local knowledge of the area.
- 3.2.6 Drivers re-applying after the failure of 3 knowledge tests shall be treated as a new driver and will be required to undertake all the tests and other requirements applicable to a new driver.

4 Existing Drivers

4.1 Driver renewals

- 4.1.1 Drivers who allow their licence to lapse for a period of less than 28 days, will be considered as a returning driver but will not be able to drive until the licence has been issued. They will also accrue penalty points.

- 4.1.2 All previously licensed drivers whose licences have expired for 6 months or longer shall be treated as a new driver and may be required to undertake all the tests and other requirements applicable to a new driver.
- 4.1.3 Existing drivers with more than 8 points on their DVLA Driving Licence will be required to pass the Driving Standards Agency hackney carriage or private hire vehicle practical driver's test within 3 months of acquiring the points or have their licence automatically suspended. In accordance with the DVLA guidelines and for the purposes of the 'fit and proper' test (sec 51, 1976 Act in respect of private hire drivers and sec 59, 1976 Act in respect of hackney carriage drivers), the points remain accountable for four years.

5 The Consideration of Applications

- 5.1 The Authority must receive sight of the Enhanced Disclosure from the DBS. This must be submitted in a sealed envelope, marked private and confidential, for the attention of the Licensing Team. This will be viewed by an authorised officer who is a counter signatory for the DBS.
- 5.2 If satisfied from the information available that the applicant is a fit and proper person to hold a licence, the Licensing Officer has delegated power to grant the application and issue a licence.
- 5.3 A driver badge will also be issued which shall remain the property of the Authority and must be surrendered if the driver licence is suspended or revoked by the Authority.
- 5.4 The badge shall be displayed on the driver's person at all times they are acting as a licensed driver.
- 5.5 If the Authority is not satisfied from the information available that the applicant should be granted a licence, the matter will be referred to the Licensing Committee for a hearing.

APPENDIX D

RELEVANCE OF CONVICTIONS TO APPLICATIONS

1. Introduction

- 1.1 The following guidelines shall be used to determine the relevance of criminal and other convictions in relation to applications for hackney carriage and private hire driver licences and private hire operator licences.
- 1.2 It should be noted that, since 2002, hackney carriage and private hire vehicle drivers are exempted from the protection of the Rehabilitation of Offenders Act 1974, so that all convictions whether spent or not can be considered as to whether they are relevant in respect of any proceedings held in respect of an application for the grant, renewal or cancellation of a licence to be a hackney carriage or private hire vehicle driver.

2. General Policy

- 2.1 Each application will be determined on its own merits.
- 2.2 A person with a conviction for serious crime need not be permanently barred from obtaining a licence but shall be expected to have remained free of conviction for 3 to 5 years, according to the circumstances of the offence, before an application is granted.
- 2.3 Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However the overriding consideration will be the protection of the public, particularly children and vulnerable adults.
- 2.4 A police caution for violence, dishonesty and drug related offences shall generally be taken into account for a period of 2 years. In all other cases a police caution shall generally be taken into account for a period of 12 months.
- 2.5 Listed in points 3 - 10 below are some general principles relating to the determination of applications for drivers and operators which shall generally be followed where convictions are disclosed.
- 2.6 References to convictions include police cautions, warnings, reprimands and issue of fixed penalty notices.

3. Minor Traffic Offences

- 3.1 Convictions for minor traffic offences such as obstruction, waiting in a restricted street, speeding, etc. shall not prevent a person from proceeding with an application.
- 3.2 If an existing licensed hackney carriage or private hire vehicle driver accrues more than 8 points in a four year period, or accrues sufficient DVLA penalty points to

require a period of disqualification of the applicant's driving licence - a hackney carriage or private hire vehicle driver's licence may be granted after the restoration of the DVLA driving licence, subject to them passing the DSA test.

- 3.3 New or first time applicants having more than 6 points in a four year period on their DVLA Driving Licence are required to pass the DSA test prior to submitting their application.

4. Major Motoring Offences

- 4.1 Convictions for motoring offences such as

- reckless driving
- driving without due care and attention
- driving with no valid insurance
- using a motor vehicle in an unfit condition
- driving whilst disqualified

raise concern as to the applicant's fitness to hold a licence.

A minimum of 3 years shall have elapsed since the restoration of the DVLA licence before such an application will be considered by the Authority. An applicant can, however, request that the application be referred to the Licensing Committee for determination.

- 4.2 A conviction for causing death by careless driving or by dangerous driving shall result in the application being referred to the Licensing Committee for determination.

5. Drunkenness

5.1 With a motor vehicle

- 5.1.1 A serious view shall be taken of convictions for driving or being in charge of a vehicle whilst under the influence of alcohol or other substances. A single conviction for these offences raises serious concerns as to the applicant's fitness to hold a licence. At least 3 years should have elapsed since the restoration of the DVLA Driving Licence before such an applicant is considered for a licence.
- 5.1.2 More than one conviction shall result in the application being referred to the Licensing Committee.
- 5.1.3 If there is any indication that the applicant is an alcoholic, a medical examination shall be arranged by the applicant, at their expense, with their GP before the application is considered. If the applicant is found to be an alcoholic, a period of 3 years must elapse after treatment is complete before an application can be considered. An applicant can, however, request the application be referred to the Licensing Committee for determination.

5.2 Not in a motor vehicle

5.2.1 An isolated conviction for drunkenness shall not debar an applicant from obtaining a licence. However, a number of convictions for drunkenness could indicate a problem necessitating a medical examination to be arranged by the applicant, at their expense, with their GP at the Authority's request. If the applicant is found to be an alcoholic, a period of 3 years must elapse after treatment is complete before an application can be considered. An applicant can, however, request the application be referred to the Licensing Committee for determination.

6. Drugs

6.1 An applicant with a conviction for a drug related offence shall be required to show a period of at least 3 years free of convictions before an application is considered, or 5 years after the completion of detoxification treatment if an addict. An applicant can, however, request the application be referred to the Licensing Committee for determination.

7. Sexual or Indecency Offences

7.1 Hackney carriage and private hire drivers often carry unaccompanied passengers, including children and vulnerable adults. Applicants with a conviction for indecent exposure, indecent assault, importuning for an immoral purpose, or any sexual offences will normally not be permitted to submit an application until a period of 5 years has elapsed since the offence. More than one conviction of this kind will preclude consideration for 10 years. All such applications would, in any case, be referred to the Licensing Committee for determination.

8. Violence

8.1 As hackney carriage and private hire drivers have close contact with the general public, a serious view shall be taken with applicants who have a conviction for grievous bodily harm, wounding or assault. At least 3 years should have elapsed since the incident before an application is considered. An applicant can, however, request the application be referred to the Licensing Committee for determination.

9. Dishonesty

9.1 Hackney carriage and private hire drivers are expected to be trustworthy. The delivery of unaccompanied property is indicative of the trust that businesses place in licensed drivers. Moreover, it is comparatively easy for dishonest drivers to defraud the public, by demanding more than the normal fare. Overseas visitors, in particular can be confused due to the change in currency. For these reasons a serious view will be taken of any convictions involving dishonesty. At least 3 years should have elapsed since the incident before an application is considered. An applicant can, however, request the application be referred to the Licensing Committee for determination.

10. Other offences and special circumstances

- 10.1 If an applicant has declared or committed any other offence not listed above or the circumstances of the case justify it, a Licensing Officer may refer it to the Licensing Committee for determination.

APPENDIX E

 - (ii) cause the dial of the taximeter to be kept properly illuminated throughout any part of a hiring which is during the hours of darkness as defined for the purposes of the Road Traffic Act 1972, and also at any other time at the request of the hirer
 - (iii) not demand from any hirer of a private hire vehicle a fare in excess of any previously agreed for that hiring between the hirer and the operator or, if the vehicle is fitted with a fare meter, the fare shown on the face of the meter

- 3.3 All licences and badges issued remain the property of the Authority at all times. They must be returned forthwith when employment as a licensed driver ceases, or if the licence expires and is not renewed, or where the licence is suspended or revoked.
- 3.4 The driver must notify the Authority in writing, within 7 days, of any change of name or address.
- 3.5 The driver must notify the Authority, in writing, within a period of 7 days, of any conviction for a criminal offence, motoring offence or receipt of a police caution or fixed penalty imposed whilst the licence is in force.
- 3.6 The driver shall report an accident in a private hire vehicle within 72 hours of the occurrence, where damage materially affects the safety, performance and appearance of the licensed vehicle, or the comfort or convenience of persons carried.
- 3.7 The driver shall keep a copy of these driver conditions in the licensed vehicle being used by that driver.
- 3.8 The driver shall inform the Authority, in writing, immediately, of any deterioration in health or injury that would affect their ability to drive a private hire vehicle.

4. Found Property

- 4.1 A driver shall, after the termination of each hiring or as soon as practicable thereafter, carefully search the vehicle for any property which may have been accidentally left therein. Any item(s) found should be handed in as soon as possible, and in any event within 48 hours, to the nearest Police Station and left in the custody of an Authorised Officer on their giving a receipt for it.

5. The Carriage of Animals

- 5.1 A driver shall not carry, in a private hire vehicle whilst being hired, any animal which belongs to or is being looked after by themselves, the proprietor or operator of the vehicle.
- 5.2 Animals in the custody of passengers may be carried, at the driver's discretion, provided they are restrained in a safe manner.
- 5.3 A driver shall, however, carry assistance dogs. Assistance dogs include guide dogs for the blind or partially sighted, hearing dogs for the hard of hearing, and other assistance dogs which assist disabled people with a physical impairment.
- 5.4 Any driver with a medical condition, which may be exacerbated by such dogs, may apply to the Authority for exemption from the condition in paragraph 5.3. A certificate of exemption will be supplied on production of suitable medical evidence.

APPENDIX G

CODE OF GOOD CONDUCT – This code of conduct will be issued as a separate document to all drivers on application or renewal.

This Code should be read in conjunction with the other statutory and policy requirements set out in this document. By accepting their licence, the holder is deemed to have accepted the terms and conditions.

1 SAFEGUARDING CHILDREN AND VULNERABLE ADULTS

Hackney carriage and private hire drivers (“drivers”) are in a position of trust in respect of the safety and welfare of their passengers. The Licensing Authority, through its licensing team and committees, have to ensure that all drivers are ‘fit and proper’ to undertake their work as drivers and they are also ambassadors for the South Kesteven District. It is essential that the council and drivers work together to ensure members of the public are treated with dignity and respect and any concerns are reported.

On occasions, drivers may become aware of or have suspicions that their passengers may be the victim of abuse, neglect or exploitation either sexual or otherwise, or at risk of becoming a victim. In addition, drivers themselves can be accused of misconduct or inappropriate behaviour through the misinterpretation of the driver’s action or conversation.

South Kesteven District Council has introduced this **Code of Conduct** which is aimed at providing the best possible service by protecting both passengers and drivers, ensuring that concerns, suspicions of abuse, neglect or exploitation can be reported and therefore minimise the risk of misunderstandings.

Drivers are expected to comply with this Code of Conduct. Failure to do so may result in the driver being referred to Committee to explain to Councillors the circumstances surrounding any incident. Where there is a repeated and/or serious failure to comply drivers can expect to have their licence suspended or revoked.

It should be noted that the code does not over-ride any obligations that are enshrined in legislation, licence conditions or contractual obligations, such as County Council contracts under the Green Badge scheme.

Drivers should:

- Place the safety and well being of passengers before any personal or commercial goals and before loyalty to friends
- respect all individuals, regardless of age, developmental stage, disability gender, sexual orientation, gender reassignment religion/belief, language spoken, race or ethnicity

Be aware of:

- The importance of the use of appropriate language
- Be aware of the vulnerability of children and some adults, and of passengers with additional needs, be they adults or children
- Any instruction given about the care or first aid requirements of a passenger
- The caution necessary in dealing with passengers in distress
- Personal beliefs and standards, including dress and religion
- Passengers misreading situations
- The use of social networking sites such as Facebook and Twitter. These are public websites and therefore passengers conveyed may access a Driver's site. Ensure you use the appropriate privacy settings to avoid passengers viewing your social media sites

Should never:

- Become over-friendly in any way with passengers or engage in any form of relationship, infatuation, crush or show favouritism
- Touch a passenger, unless in an emergency situation, or if required to do so because of the additional needs of the passenger
- Administer medication unless a specific request has been made by the hirer
- Photograph or video passengers in your care unless used in compliance with data protection legislation and any relevant codes of practice issued by the Home Office or Information Commissioner's Office
- Engage with passengers through social networking sites (such as Facebook and Twitter), instant messengers (such as MSN) or any other online communication software such as mobile phone applications or video games
- Phone or send text messages to passengers other than directly concerning the hiring of your vehicle
- Swear, make personal or humiliating comments, or tell inappropriate jokes;
- Offer or accept sweets, cigarettes or gifts of any sort
- Stop anywhere other than the specified pick up/drop off points other than at the request of the hirer
- Show passengers videos or pictures on your mobile phone or any other electronic device

Safeguarding:

If a Driver has concerns or suspect abuse, neglect or exploitation of a passenger then these should not be ignored. If there are any doubts or concerns about the way someone is being treated, it is important to report this. The safeguarding of children and vulnerable adults is everybody's business. Remember that information could help a vulnerable child or adult.

If a driver is working under a Lincolnshire County Council contract then those procedures set out in the Driver and Passenger Assistant Pack should be followed alongside any training received by the Driver.

Otherwise the following procedures should be complied with in reporting any information or suspicions you may have of anyone being subject to abuse, neglect or exploitation:

Action to be taken if you have concerns

- If your concerns are of an urgent matter or you believe that a crime has been committed and there is an immediate risk of danger, telephone the police on **999 or 112** (from a mobile).
- If you are suspicious or are concerned that a child or an adult is suffering or is likely to suffer significant harm, including any form of mistreatment, abuse, neglect or exploitation but is not of an urgent matter, please call the Lincolnshire Safeguarding Customer Service Centre on **01522 782111 for children or 01522 782155 for adults.**
- If you would prefer to speak to the police on a non-urgent matter then call them on **101** and follow directions for the Lincolnshire Police.

- 1.2 All enforcement will be undertaken in accordance with the Authority's current enforcement policy.

APPENDIX J

PENALTY POINTS SCHEME

The Scheme

1. Introduction

- 1.1 Hackney carriage and private hire operators, drivers and vehicles are principally governed by the Local Government (Miscellaneous Provisions) Act 1976, Town Police Clauses Act 1847, Authority's Byelaws and the Rules, Regulations and Conditions set by the Licensing Committee.
- 1.2 Should operators, drivers or proprietors of vehicles commit an offence or breach of those rules, regulations or conditions of licence, notices will be given detailing the offence/breaches and the number of points allocated.
- 1.3 The aim of a penalty point's scheme is to work in conjunction with other enforcement options. It provides a formalised, stepped enforcement plan. The purpose of the scheme is to record misdemeanours and to act as a record of driver's behaviour and conduct, so as to ascertain whether they are a fit and proper person. It does not prejudice the Authority's ability to take other actions.
- 1.4 The primary objective of the penalty point's scheme is to improve the levels of compliance and help improve the standards, safety and protection of the travelling public.
- 1.5 Penalty points remain for a rolling twelve month period so as to allow any older points to be considered as spent and therefore excluded from the running total recorded against any individual licence holder. However, spent points may still be considered if a pattern of misdemeanours emerge ie regularly being late for renewals and submissions of compliance tests.

2. Issue of Penalty Points

- 2.1 Complaints concerning significant breaches of conduct, conditions of licence or policy will be subject to investigation by Licensing Officers and may be reported to the Licensing Committee for the issue of discretionary points.
- 2.2 Where a licence holder accumulates 12 or more penalty points in any 12 month period, the matter will be referred to the Licensing Committee for the Committee to decide whether the driver remains a 'fit and proper' person. The Committee may then suspend or revoke a licence, or issue a warning to the licence holder, depending on the circumstances. Periods of suspension of a licence by the Committee will be dependent on the nature of the breaches of the legislation/conditions and the compliance history of the individual. Suspension periods will normally vary between 7 to 31 days.

- 2.3 Points issued to either the proprietor of a vehicle or a driver will be confirmed in writing within 10 working days from the discovery of the contravention.
- 2.4 The system will operate without prejudice to the Authority's ability to take other action that it is entitled to take under legislation, byelaws and regulations.
- 2.5 A licence holder issued with penalty points may appeal against such a decision to a licensing officer in the first instance. If a satisfactory resolution cannot be found then the appeal will be referred to a manager from an independent business area for a decision. If the allocated points total 9 or more and the recipient still does not agree with the licensing officer or the independent business manager, the appeal will be heard by the Licensing Committee. Appeals must be lodged within seven days of the receipt of the notice
- 2.6 If a decision is made to issue points to a proprietor/driver rather than prosecute, for a matter which is also a criminal offence e.g. bald tyres; no badge etc., those person(s) will not then be the subject of a prosecution by the Authority in respect of the same matter for which the points were issued.

APPENDIX K

EXEMPTION FROM REQUIREMENT TO DISPLAY AN EXTERNAL VEHICLE IDENTIFICATION PLATE

1. Statement of Intent

- 1.1 The aim of this guidance is to ensure public safety whilst taking a balanced approach to licensing requirements. Its objective is the provision of an exemption to allow “executive type vehicles” to operate without displaying external identification plates.

2. Introduction

- 2.1 The displaying of the external identification plate on a licensed vehicle and a driver’s badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been subjected to checks to ensure their (the public’s) safety.
- 2.2 However, there are occasions when the requirement to display an external identification plate may have the opposite effect in terms of customer safety and could have commercial implications for the operating business. The display of Local Authority licence plates externally may also deter some corporate customers from using the service; and in some circumstances the identification of the vehicle as a licensed vehicle may allow “high risk” passengers to be more readily targeted putting both them and the driver at risk.
- 2.3 The Local Government (Miscellaneous Provisions) Act 1976 requires that private hire vehicles display an identification plate (licence plate) and drivers of those vehicles wear a driver’s badge. The same legislation also allows South Kesteven District Council to exempt vehicles from the need to display an identification plate and, where that exemption applies, the requirement to wear a private hire driver’s badge.
- 2.4 It is not intended that all private hire vehicles licensed by South Kesteven District Council should be exempt from the Council’s requirement to display an external identification plate, however the Council recognises that there may be circumstances when it would be appropriate for vehicles operating this type of service, to be considered suitable for such an exemption.
- 2.5 In creating it’s policy, South Kesteven District Council does not seek to provide a definitive list of vehicles it considers to be suitable (subject to use) for exemption from the requirement to display external identification plates.
- 2.6 This guidance provides information to potential applicants on the standards of vehicle comfort and equipment that the Council considers should be the minimum standard of comfort and vehicle type before the Authority would consider such an application. This guidance should be read in conjunction with the Councils existing policy relating to private hire vehicles as it establishes additional criteria that the

Council (and its officers) will take into account when determining applications for a private hire vehicle to be exempt from displaying external identification plates.

3. The Policy

- 3.1 Exemptions from displaying external identification plates (vehicle licence plates) may be in respect of individual vehicles only. Applications for exemptions relating to a fleet of vehicles will not be allowed.
- 3.2 Each application will be assessed on its own merit and each vehicle will be inspected by an authorised council officer to ensure that it is fit for purpose.
- 3.3 Applications for exemption from the requirement to display an external identification plate on the rear of a private hire vehicle may be considered where the following requirements are met:
 - a) Vehicle models must be either four door saloons, or five door estates or five door hatchbacks. Applications will not normally be accepted in respect of people carrier type vehicles
 - b) Vehicles must be of a high standard of comfort and equipped to a level equal to or above luxury brands of vehicles such as "S" and "E" Class Mercedes Benz, 7 Series BMW, Lexus "GS" or "LS" models, Audi A8 series, Jaguar, Rolls Royce and Bentley saloons. (The highest specification executive type cars from other manufacturers may also be considered)
 - c) The vehicle will be in pristine condition with no visible defects, dents or blemishes to the external bodywork or internal trim and seating
 - d) The type of work undertaken is "executive" in nature. This means that the vehicle is used specifically to provide transport under a contract to a company or person, or by the type of clients who for security or personal safety reasons would not want the vehicle to be identifiable
- 3.4 Applications may only be made by a person holding a private hire operator's licence issued by South Kesteven District Council.
- 3.5 Where a proprietor wishes to make an application for a vehicle to be exempt from displaying an external identification plate they will be required to complete the appropriate application form. The application form will be accompanied by documentation that supports the application and the application fee; which will be non-refundable.
- 3.6 The Council may require applicants to provide any additional documentation as reasonably necessary to allow the Council to make an informed decision. Where such documentation is not provided to the satisfaction of the Council the application will be refused.
- 3.7 South Kesteven District Council is entitled to recover its costs relating to the administration of applications for an exemption notice and the issue of the exemption notice where applications are granted and may charge such fees as it believes are appropriate to recover all or part of those costs.

- 3.8 The fee to accompany an application for an exemption notice is £30 and is non refundable.
- 3.9 Where an application is granted and a vehicle is exempted from displaying its external identification plate an exemption notice will be issued as soon as practical after the decision is made.
- 3.10 Where a vehicle is exempted from the requirement to display an external identification plate the vehicle will also be exempted from the need to display the internal identification plate.
- 3.11 Irrespective of when an exemption notice is granted the initial exemption notice will expire on the same day as the expiration of the vehicles current private hire licence, unless it is otherwise surrendered or revoked. Thereafter any renewed exemption notice will last for a period of time that is coterminous with that vehicle's private hire licence unless either the licence or notice is otherwise surrendered or revoked.
- 3.12 Exemption notices may be renewed annually subject to the vehicle under going a re-inspection by a Licensing Officer to ensure that it continues to be fit for purpose. The annual renewal fee for an exemption notice will be £20 and is non-refundable.
- 3.13 The authority to determine any application for an exemption notice is by virtue of this guidance delegated to the Council's Licensing Officer(s).
- 3.14 In the event of an applicant being dissatisfied with the decision of the officer, the applicant may make a written application for a review of the decision by the Licensing Committee.
- 3.15 Other than where to do so would conflict with the requirements of this guidance, all vehicles granted an exemption notice must, in addition to the requirements of this guidance, comply with the requirements for private hire vehicles contained within the Councils Information – Taxi and Private Hire Licensing document and the Council's Bye Laws.

3.16 THE BELOW CONDITIONS APPLY TO ALL PRIVATE HIRE VEHICLES GRANTED AN EXEMPTION BY SOUTH KESTEVEN DISTRICT COUNCIL FROM THE REQUIREMENT TO DISPLAY AN EXTERNAL IDENTIFICATION PLATE, AND ARE IN ADDITION TO THE CRITERIA AND CONDITIONS SET OUT IN SOUTH KESTEVEN DISTRICT COUNCILS INFORMATION – TAXI AND PRIVATE HIRE LICENSING POLICY AND THE COUNCILS BYE LAWS.

- a) The identification plate and exemption notice provided by the Council pursuant to requirements of the Local Government (Miscellaneous Provisions) Act 1976 shall remain the property of the Council
- b) Any vehicle granted an exemption from displaying an external identification plate will be required to have the identification plate normally displayed on the rear of the vehicle, affixed to the inside of the boot lid. The plate when so affixed **must** be readily visible when that boot lid is raised.

- c) In the event of loss or damage rendering such plate or notice unserviceable the proprietor shall make immediate application for a replacement for which a fee is payable.
- d) The exemption notice issued by the Council will be carried in the vehicle at all times and will be produced upon request to an authorised officer of the Council or any Police Officer.
- e) When issued with an exemption notice, the vehicle will not be required to display any other signs (including the internal identification plate) which the Council may at any time require private hire vehicles to display.
- f) The proprietor will not display in on or from the vehicle any advertisement, signage, logos or insignia advertising the operating company or the vehicles status as a private hire vehicle.
- g) During the period of the exemption notice, the driver shall not be required to wear the private hire driver's identification badge but will have it available for immediate inspection by the authorised officer of the Council or any Police Officer on request.
- h) During the period of the exemption notice the driver of the vehicle whilst engaged on private hire work will be smartly dressed in for example, a formal chauffeur or business suit with collar and tie.
- i) The proprietor shall within 1 working day notify the Council of any change in the use of the vehicle.
- j) The proprietor shall not use the vehicle for private hire purposes other than for executive use (ie normal daily private hire use).
- k) The driver and passenger front side window glass and the front windscreen must be clear. However, tinted windows can be fitted to the side and rear window glass of the vehicle provided that they comply with current legislation.
- l) The exemption will cease to have effect on selling or transferring the vehicle to another party. The person to whom the exemption is granted must inform the council of the sale/transfer of ownership immediately and in writing and provide details of the new owner. The exemption notice must be returned to the Council along with the private hire vehicle identification plate unless being sold to another private hire operator licensed by the Council; in which case, only the exemption notice has to be returned.
- m) A taximeter will not be installed in the vehicle.
