Dear Participants,

South Kesteven District Council – Site Allocation and Policies DPD.

You will be aware that the Hearing sessions of the Independent Examination of the South Kesteven Site Allocations and Policies DPD closed on Friday 16th November 2012.

Since that time the Council has requested that the Inspector suspends the Examination to allow them to review the procedures and processes which were involved in the Strategic Environmental Assessment/Sustainability Appraisal exercise which informed the Council’s selection of sites and locations for development.

The Inspector has agreed that, in the light of recent case law, such a review would be prudent. However, he is concerned that that all parties involved should be kept fully informed of the Examination’s progress, and to that end, he has decided to hold a public meeting, which will take place in the Council Chamber, at 11.00am on Friday 12th April.

The Inspector’s note of the meeting will be made available to all attendees, and will also appear on the Examination website. However, if you should be unable to attend, and would like a copy of the notes sent out to you directly, please do not hesitate to contact me.

Yours sincerely

Mrs Fiona Waye
Programme Officer
