Please describe below why you consider the extent of the neighbourhood area proposed is appropriate:

It would allow access to money from the Community Infrastructure Levy (CIL) to go directly to the Parish Council if a NDP was in place. It would give the parish a say in how they would like to see Baston develop, with types of houses, businesses, recreation, communications, education, transport, health and Landscape, etc.

There is a lot of gravel extraction around the village and there is a need for the parish to retain its identity and for a community spirit to remain. This NP would give councillors and parish, a say in deciding the future of the village for future generations.
