INTRODUCTION

As Chief Finance Officer, I am pleased to introduce the summary of accounts for the year ending 31 March 2018.

The summary of accounts gives a brief overview of our spending and income and shows our financial position for the last financial year. It is based on our more detailed statement of accounts document, which is required by law.

It includes:

- the cost of providing services
- a balance sheet
- a cash flow statement
- housing revenue account statement
- council tax collection performance.

My focus during the year has been to secure a financially sound base so that we can continue to deliver quality services that support and underpin the delivery of our corporate priorities. These are:

- Growth
- Culture
- Housing
- Environment
- Corporate
